Baldwin Declines Bid of Labor Government To Employment Parley

Conservatives of Great Britain Feel That Administration Is Incapable of Meeting Present Critical Situation

LONDON, June 19:-Premier Ramsay MacDonald yesterday invited Rt. Hon. Stanley Baldwin and Rt. Hon. David Lloyd George to join in a non-partizan conference on measures for unemployment relief. Last night Mr. Baldwin, the Conservative leader, was reported to have declined the invitation after a conslutation with leading Conservatives. These advisors, it is stated, took the view that Conservative abstention from the conference would not prevent the government from introducing into the House of Commons any measures they might evolve to meet the critical situation. They feel that the government is incapable of dealing with unemployment and resent Premier MacDonald's refusal to allow the Opposition access to official data on conditions of trade, industry and unemployment.

Capt. Guthrie of Comox Is Formally Arraigned In Court at Courtenay

Thought His Boy Had Been Cheeky and Threw Stick at Him in Moment of Anger-Pioneer Family on Vancouver Island

COURTENAY, June 19:—A series of small irritations within an ordinarily happy family has resulted in the death of Patrick Guthrie, aged 16, and the arrest of his father, Capt. Patrick Hugh Guthrie, on a murder charge. The father thought the boy had been "cheeky" and, in a moment of anger, threw a stick at him. The missile, it afterwards developed, pierced the lad's skull and caused a hemmorhage which resulted in his death on Sunday last. The coroner's jury found that death resulted from "misadventure" as a result of beingo

struck on the head by a stick PREMIER KING thrown by his father. The father PREMIER KING was then charged with murder in provincial police court and the preliminary hearing, after being called, was adjourned for eight days.

Mrs. Guthrie left last month for her destination on the day of her son's death.

The Political Corner

Thursday, June 19

Liberal and Conservative Candidates Olof Hanson, the Liberal candidate has a business record of which

he may well be proud. He has been a resident and engaged in business in the Skeena El-

ectoral District for 23 years and in all that time he has yet to have his first lawsuit. Though employing many men during this whole period of time, run-

ning variously from 100 to 1,000, he has never been sued; he has never had a lien filed against him nor has he ever been complained of by labor interests.

If there is another such record in the whole of the Province of British Columbia, we have yet to hear of it. It is phenomenal and proves conclusively not only that the Liberal Candidate is a first class business man but also that he is eminently fair with all classes dealing with him.

We believe also that Mr. Brady, the Conservative Candidate is fair and equitable in his dealings with men. The Liberal criticism of him is that he lacks business training; that he is opposed to the Liberal Government which will be in power and therefore cannot be as useful at Ottawa as Mr. Hanson.

Would it not be a splendid thing for this riding if the Conservative Candidate were appointed a school inspector by the Tolmie Government, a position he is eminently qualified to fill, while Olof Hanson were sent to Ottawa to support the Mackenzie King administration.

As no one wishes to have a member opposed to the government in

power this should prove the desired solution. We commend this suggestion to our Conservative friends.
