# Warning

Youmsthe properly NOURISHED to resist Winter Ills, Colds and Chills

> Influenza attacks old and young when the resisting powers of the body are weak.

Keep fit this winter by making sure you are well nourished.

Eating large meals is not sufficient, it is NOT the amount you eat, but the comparatively small amount you digest, keeps up your strength: surplus food only clogs up your tissues with waste that lowers your vitality.

You are sure of being nourished, yet keep your youthful vigour

> if every day, you add a little Bovril to your diet, either as a hot stimulating food drink or added to soups, gravies and meat dishes.

You do not need a lot of heavy food

The unique power of

Builds fitness not fatness
