FIRST WOMAN SENATOR

The first woman senator has been appointed after the highest court in the Empire decided that a woman is really a person.

Most men will agree with us that woman is not only a person but "the person" in most households. If she holds that position in the household she can hardly be looked upon as a nonentity in state affairs.

LOSING GOOD EMPLOYEES

Yesterday Robert Young, an expert linotype man, left the employ of The Daily News and has gone south. Only recently George Wilson left the business management of this paper to live in Vancouver. Both were excellent men in their different lines of work. It is matter for regret that conditions should have been such that they had to leave. Possibly some day both will be back here, but, in the meantime, we have to carry on without them.

It is always regrettable to have to part with good men. It means that those left behind have to use extra effort in order to fill their places. We shall ask for greater cooperation on the part of the public and especially from advertisers in getting in their copy early.

In spite of the changes The Daily News will continue to be Northern and Central British Columbia's newspaper, the exponent of the new north.

The "best society" is all right but often not for the best people.

WHAT OF THE WHEAT SITUATION

Wheat prices have gone tumbling and no one can tell in boxing, both in weight and inwhat the future for the wheat growing industry has in terest, may visit the Pacific store. The Wheat Pool, backed by the other grain dealers northwest next month. Arrangeand the financial institutions of the country have tried to ments are under way for the lestem the downward trend but without success. What the effect will be on the local Pool no one can say.

If you can make mistakes charmingly, you have personality.

NEED OF PEACE RAILWAY

The drop in the price of wheat only accentuates the need of the western outlet to the Peace River and the desirability that the outlet should be by the most direct route to the ocean. That means direct to Prince Rupert or Stew-ing exhibition." Of course Carart, probably the former because of the facilities already nera will not meet any Sharkeys W. Cross opposed R. Allen and J. 22 provided at the former port. The Stewart line may follow later if the Prince Rupert line comes first.

With lower prices for wheat the Peace River farmers will find it difficult to pay the high freight charges to get sparring match." the product to the seaboard. They will need every encouragement and the western outlet will be the one factor that will place them in a position to compete. Also the building of the railway at this time will help to stabilize industrial conditions in the west, something for which all should strive.

We have canned food, canned music, and even our thoughts are carefully preserved from escaping beyond the tin boundary of prudence.

The opening event of the evening was the mixed doubles in 22 which Miss Caroline Mitchell and Frank Russell beat Mrs. V. Long 75 and C. J. Norrington 15-8, 15-11. The men's doubles proved to be the outstanding event of the evening and those who liked thrills 23 had them aplenty, the result being in doubt right up to the last so evenly were the constants matched. The winners, Carl Brand and 22 Bob Bartlett, were deserving of 奏至 much credit for pulling themselves 35 out after having lost the first two 33 games while the sympathy of all 22 went to Frank Russell and Will & Lambie for losing by such a small 35 margin. Y DEAR, I simply dread this daily shop-ping" How many times have you heard that story? More than once, we'll bet a hat. And if you ask the woman who "dreads shopping" just why she does so, you'll usually hear something like this:

"I takes so much time! I start out and look and look and look . . . and by the time I've found what I want I'm dead on my feet. All in, my dear. I mean I actually am!"

You can do a friend like that a real service. Ask her if she reads The Daily News grocery advertisements. Usually she'll look surprised and say, "Not very often. What has that to do with it?"

Tell her how you have your mind all made up before you hang the market basket over your arm . . . how you're able to save steps, budget your expenditures neatly, get what you want-and all with a minimum of time and effort. Simply because you have the news of the shopping world at your finger-tips all the time, by reading the advertisements every day.
