CANADA'S FUTURE DEPENDS ON LOAN

Steady Employment and Prosperity Hangs on Victory Loan.

Canada's future prosperity depends to a great extent upon the success of the Victory Loan. No country can exist upon trade within its own boundaries. Canada counts on the trade with Great Britain and other allied countries to keep the flood of good times in the country.

The surplus products of the farm and the factory find their way across the seas. The revenue of the farmer and the manufacturer is dependent on this trade relationship being sustained. The employment of many hands depends on the orders that come to the firm. The pay envelope only comes with steady employment.

Great Britain and overseas countries are still desirous of continuing trade relations, but, overwhelmed with war expenses, they must be given credits for the time being. The farmer and the manufacturer must be paid for their products and manufactured articles in cash. Therefore, Canada must finance the proposition to keep the tide of commerce coming this way. But in order to have the money on hand to do this great thing, Canada must borrow from her people.

The Victory Loan offers bonds to subscribers paying 5 1/2 per cent. interest. The guarantee behind the bonds makes them an absolutely safe investment. Victory Bonds are accepted as collateral at any bank, and can easily be turned into money at a profit. It is then to the interests of every Canadian to subscribe for all the Victory Bonds he can, for it is profitable, it is patriotic, and it is necessary for the continued prosperity of the country.

CANADA NEEDS MONEY

War Expenditures Still to Be Met From Proceeds of Victory Loan.

The war is over and won; but Canada's main expenditures for war will not be complete until well on into 1920. The \$610,000,000 raised last year has all been spent, \$400,000,000 having been largely devoted to soldiers—to maintaining them, bringing them home, providing the necessary medical services, training them. Most of the balance of the loan was lent to Great Britain to enable her to buy our surplus products. And money is still necessary—for soldiers, for providing markets, for our surplus products, for the needs of reconstruction. And that is why another Victory Loan is necessary. Canada still needs money, and needs badly.

A Good Investment.

Speculation is one thing. Investment is another. The majority of citizens want an investment, not a speculation. And they want a safe investment. Victory Bonds fill that requirement as does no other investment. Because behind every bond there is the national wealth of Canada—a wealth so great that it staggers the imagination.

Canadian Bank Clearings.

That Canada is well able to support the Victory Loan is clearly shown by the Canadian bank clearings for the current year. They indicate that the year's total will exceed \$15,000,000,000 compared with \$13,776,000,000 in 1918. And the year's total clearings should be three times those of 1909.

Must Subscribe More.

Dividing the people of Canada into three classes—the comparatively poor, the moderately wealthy, and the very wealthy—it would seem that if contributions to the Victory Loans constitute service to the nation, the moderately wealthy class is hardly doing its share. Of the money subscribed to the Victory Loan 1918, two hundred and seventy-one million dollars were in bonds of \$5,000 and under, ninety-four millions in bonds of between \$5,000 and \$25,000, and three hundred and one million in bonds of \$25,000 and over.

Be true to yourself. Buy Victory Bonds.

You did it before. You can do it again. Buy Victory Bonds.

Canada pledged her last man and her last dollar. Redeem that pledge in Victory Bonds.

If the fighting were still raging, you wouldn't hesitate to buy Victory Bonds.

To make the Victory Loan a success is a national obligation. It may be that you are the deciding factor.

If you are concerned about the future welfare of Canada, buy a Victory Bond and make it a sure thing.

Don't forget the future of your children. Lay a good foundation with a Victory Bond.

Would you lend a soldier \$50 if you knew it would save his life? Buy Victory Bonds and keep the military hospitals up.

If you appreciate a good investment you will buy a Victory Bond.

You deceive no one but yourself when you say you can't afford a Victory Bond.
