

Make Your Dreams Come True

Fond parents dream of a bright future for their children.

They dream of the literary and musical education they are going to give their daughter, and of the high position she will take in her sphere of womanhood.

They dream of the education they are going to give their son and vision him some day as a clergyman, a famous lawyer, an eminent physician, a prominent financier, or a captain of industry.

But to make these dreams come true

—or even partly true—requires foresight, planning and money.

To provide the money what plan so wise as to buy Victory Bonds for each child?

Thousands of parents bought Victory Bonds for their children in 1917 and 1918.

Surely you will be among the thousands of loving parents who will buy Victory Bonds for their children—this year.

Victory Bonds may be bought on instalments at such easy terms that every parent who so wishes may buy.

SIX MONTHS AND \$100 FINE

Mah Kee Guilty of Issuing Worthless Check.
Mah Kee, the Chinaman charged with obtaining money under false pretenses by issuing a worthless check, was found guilty by Judge Young in the county court yesterday afternoon. He was sentenced to six months' imprisonment besides a fine of \$100. Failing to pay the fine he will have to serve three months additional. The evidence presented before Judge Young was largely the same

as that reported from the preliminary hearing in the police court. Besides the testimony of the accused, Nakano, to whom the bad check was presented, gave evidence. Roy Lancaster, of the Royal Bank, also appeared in the witness box and Chief Vickers told of the arrest. Lee Lou acted as court interpreter, the accused, as is very customary with Chinese prisoners, having suddenly lost all save of the English language.

IS CONVENIENT IN CASE OF EMERGENCY

Money Invested in Victory Bonds is Not by Any Means "Tied Up."

It would be hard to estimate the number of people who have a couple of hundred dollars or so in the savings bank just as a sort of an emergency fund. Their money is drawing three per cent interest and is readily available should the unexpected happen. If that money was invested in Victory Bonds it would be drawing five and one half per cent. It would also be easily available in case of emergency for it is an es-

tablished fact that Victory bonds can find a market at any time. Victory Bonds are everywhere regarded "as good as cash." The security they offer for the investment includes the banks in which money is deposited at three per cent interest. Why let the banks have the extra two and one half per cent?

Besides having his money profitably and conveniently invested the Victory bond holder has it out working for him as well as the Nation, for he must in some way share in the prosperity which will continue to the extent in which Canada's business can be conducted on money lent by her people.

BENEFIT DANCE BY SONS OF ENGLAND

Enjoyable Time Spent Last Night At St. Andrew's Hall.

The benefit dance given last night by the Sons of England Football Club for one of its members who was injured last season, was voted a success by all those attending. The affair was very bright and jolly and a large crowd was present. Dancing commenced shortly after 9 o'clock and kept up continuously till long after midnight. The music was furnished by Harvey's orchestra in its usual unsurpassed style. During the supper interval Miss

Adams very kindly played the piano and various artists accompanied her at the traps and drums. During the course of the evening cards were indulged in by some of the senior members of the society who were in attendance.

The committee in charge were Jack Frost, H. Wearmouth and G. Percy Tinker, the first mentioned acting as floor manager and holding the organization together in excellent style. Mrs. Leek was in charge of the supper arrangements and the supper was provided by the ladies of the Daughters and Maids of England Society.
