FINAL CHANCE TO REGISTER

Tomorrow will be the final chance local house holders will have to register in order that they may vote at the next civic election. We suggest that this be done even though at present there may be no apparent need of it. No on can tell what may happen between now and election

INTEREST IN CHANGES

Keen interest was taken locally in the cabinet changes told about yesterday by this paper. While the changes were not very great they were very important both to the province and the political party which the cabinet represents.

As we have said on many occasions, it is much more important to the province that there should be good government than that any political party should win or lose. Many people do not recognize this. They are pleased when a government does something foolish because they see in it a step toward a change.

We think Premier Tolmie did the right thing in at least some of the changes. Others we know little about.

Carry out the prosperity week idea every day in every week in every year.

"MORE BREAD AND BETTER BREAD"

Use it alike for Bread and Cakes-You'll notice the difference at once....

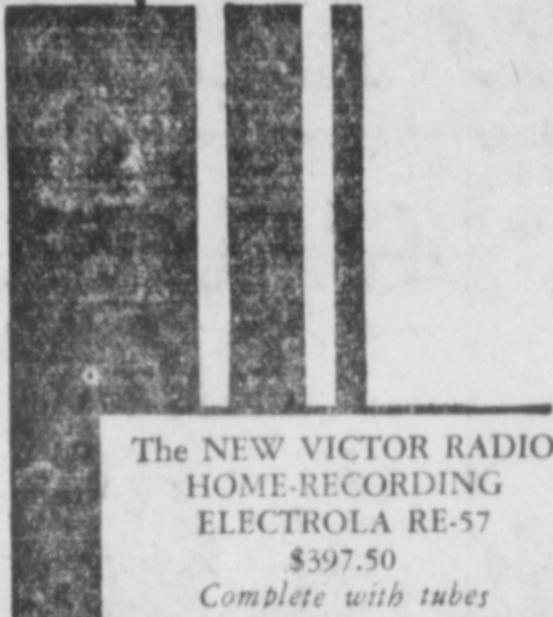

Purity Flour has been giving success in Canadian homes for so many years, you can use it with your best recipes with full confidence. Your grocer has it.
