

# 15 YEARS SUFFERING FROM PILES

Mr. J. McEwen of Dundas, Ont., writes:—"For fifteen years I suffered with Piles and could get no permanent cure until I tried Zam-Buk. Perseverance with this herbal balm resulted in a complete cure, and I have not been troubled with the painful ailment since."

Mr. Henry Fougere of Poulamond, N.S., says:—"I suffered terribly with Piles and could find nothing to give me relief until I tried Zam-Buk. This cured me. I consider Zam-Buk the finest ointment on the market."

The above are specimens of the many letters we are constantly receiving from men and women who have ended their suffering by using Zam-Buk. Why not do likewise?

A new flux quarry is being opened at Anyox. It is located up Hidden Creek back of the smelter and the ore will be transported to the plant by means of a cable tramway. The new mine is named the Rambler Quartz.

Several Stewart mines expect to keep operating all winter. Among the properties that intend to operate right through the winter are the Big Missouri, Joker, Fortynine, New Alaska, Bush and E Pluribus Unum as well as the Premier Mine.

The people of Swanson Bay celebrated Hallowe'en fittingly. During the afternoon the festivities were given over to the children, while in the evening a big masquerade ball was held for the adults. The prize winners were: Ladies' prize, Mrs. Hall; gents' Mrs. Affleck.

In a recent mining report the Dolly Varden mine at Alice Arm is stated to be the largest silver producer in the province of British Columbia.

During his recent visit to the North on the Victory Loan campaign, G. G. McGeer, M. L. A. for Richmond, addressed meetings at Ocean Falls, Anyox, Alice Arm Swanson Bay, besides Prince Rupert. ### The Man in the Moon

THE MAN IN THE MOON SAYS: That after each boat arrival the proper question to ask the local police is "How many quarts?"

That the Bolsheviks are both devils and saints. All depends upon the point of view. The probability is that both opinions are correct.

That the odd thing about the Royalist idea is that it should be sufficiently forceful to make some people risk their heads to place on the throne anything so insignificant and unimportant as Manuel of Portugal.

That now that the farmers rule in Ontario the price of wheat should go up and beef and potatoes take to the modern sport of aeroplaning.

That a few years ago it was the custom for people who wished to keep money to invest it in diamonds and put it away, because diamonds were easier to hide than any other valuable. Now the most valuable article seems to be eggs and the only reason they are not used as currency is that like oil stocks they are likely to depreciate the longer they are held.

That the Prince Rupert waterfront question has been definitely settled by the action of the Canadian Government in taking over the railway and all subsidiary concerns. The waterfront now belongs to the people.

That it has become a habit when children in the city have been lost to send search parties out on Second and Third Avenues to see if they are mired in any of the big chuck holes.

That it seems wicked to waste good lives interfering with the internal affairs of Russia. The people there can work out their own destinies best in their own way. If they wish to kill and rob each other, let them do it.

That now we have a Government owned railroad let us forget what might have been and work for the interest of Prince Rupert and the railway.

### G. T. P. NOT ABANDONED ALASKAN SERVICE

In contradiction of a report that has been published lately that the G. T. P. had abandoned the Skagway and Alaska passenger service, Capt. Nicholson recently stated that this was not the case, but that when the time seemed favorable, the service would probably be renewed. The withdrawal in 1918 was due to the immense demand made on the equipment in B. C. Due to war conditions and increased activities on the B. C. coast.

How to Make Them Wear Longer

There is stringent need of it, as every mother can testify, in these days of mounting prices. Well—did it ever occur to you that harsh, common soaps, and the ordinary rub and scrub of the wash board, break down more clothes than are ever actually worn out in use? Its so. We've studied the question. That's why
