Albert & McCaffery Advise Public to Get In Winter Stock, Now; Get Best For Less

World wide unemployment and the difficulties arising therefrom bring economic questions to the fore on this, the eve on what is predicted by many will be the hardest winter this, as well as other countries, has experienced in years. The question of coal naturally arises, as the matter of fuel comes second only to food, and all householders companies and corporations are now engaged in figuring where their coal supplies are to come from they will spend the next month and what the price is to be. Now is travelling. the time, by buying, to bring about
