Mackenzie King Is In Humorous and Critical Mood In Initial Speech

Warns Premier Bennett That He Will Be Expected to Carry Out His Promises—Offers Suggestions Regarding Structure of Cabinet

OTTAWA, Sept. 10:-Crowded galleries and chamber listened with interest yesterday to the first passage of arms between Premier R. B. Bennett and Rt. Hon. William Lyon Mackenzie King, Leader of the Opposition, in the House of Commons. Mr. King quoted extensively from speeches delivered by Premier Bennett during the last election campaign. He dealt at length with pledges and promises which he claimed had been made by the Premier in order to obtain power. Dividing these into three groups,

referred to the first group as Mr. ennett's "Magna Charta of Promes" and his "Cornucopia of Pledes." Canada, the Opposition leader arned the Prime Minister, would kpect these pledges to be carried

Fate of Party Learned After Century Mystery; Obtain Valuable Data

W. E. Gilbert, Vancouver Pilot, Tells In Special Article of Work Being Done By Burwash North Magnetic Pole Quest

EDMONTON, Sept. 10:-In an exclusive story by W. E. Gilbert, Vanceuver pilot of the Burwash aerial expedition to the Magnetic North Pole, the Edmonton Journal tells of the explorers finding sites of two camps of the men of the ill-fated expedition of Sir John Franklin which vanished in the Arctic 83 years ago. Valuable data concerning the Far North and the expedition which remained a mystery for nearly a century was found at the camp sites by Major L. T. Burwash, Dominion government explorer, the pilot says. This is being forwarded to Ottawa.

Gilbert states that the North Magnetic Pole has been reached and the area around it mapped. In addition, over a thousand miles of Canada's Arctic coastline has been

mapped.

This Will Follow Establishment of New Dawson Creek Town in Peace River

DAWSON CREEK, Sept. 10:-Following the survey of the new Dawson Creek townsite, when three hundred lots with streets and lanes were laid out, information has been received that the sidings may be surveyed and locations for elevators set aside at any moment. This will permit immediate construction of elevators in readiness to receive McKinley, 38,000, Booth, 9.8c and grain as threshed. This will be of great convenience to farmers who will be able to store their crop at the rail head ready to go out by train this fall and winter.
