Canada Has Opened Up Trade Negotiations at London

LONDON, Oct. 3:-Canada and Australia are taking the first practical steps towards the development of inter-Empire trade. Informal conversations have been opened between Hon. H. H. Stevens, Canadian minister of trade and commerce, and Premier Scullin and Hon. P. J. Maloney, Australian minister of markets.

Possible extension of Canada's trade treaty with Austra-

lia is under discussion. The conversations so far have been merely preliminary but they have revealed that both countries can buy from each other many things that they now buy outside the Empire.
