How to Assist the Digestion

The most dictatorial digestion is open to argument if you only select the right argument. Thus, many a man has found a virtue in "White Horse" taken just before or just after lunch or dinner. And, of course, you know that "White Horse" Whisky is non-gouty.

"White Horse" is so richly matured, so safe and so sound and so certain in the good it does. A more genial, mellow and delightful whisky does not exist.
