

ANOTHER PERFECTLY GOOD PICNIC GONE WRONG!

SOMEbody has forgotten to put in the big package of Rowntree's York Milk Chocolate. Aunt Mary (extreme left) is suspected, but nobody can find the heart to accuse her. Little Bartholomew (seated, with arms crossed, at the right) felt all along that something was going to happen to spoil the day.

Truly, who can imagine anything more disconsolate than a picnic without Rowntree's York Milk Chocolate—the delicious bar that sets a new standard of milk chocolate goodness! Try a bar of Rowntree's York Milk yourself and mark how much you enjoy eating it. But be sure it is York Milk—no other bar has just that perfect flavour.

There is also York Nut Milk—with delicious whole fibres—for those who prefer nut milk chocolate.

CREELMAN ON COAST VISIT

C.N.R. Passenger Traffic Manager Foresees Busy Tourist Season This Year

VANCOUVER, April 3.—R. Creelman, passenger traffic manager, Canadian National Railways, western region, arrived on the coast on Wednesday and plans to remain in this vicinity for a short time visiting the various points of interest in this territory. This is one of Mr. Creelman's regular visits to the coast and, before returning to Winnipeg, he will visit Victoria, Seattle and Portland.

Discussing the summer's tourist outlook, Mr. Creelman stated that the "tourist industry" would no doubt feel the winter's shake-up to some extent, but, on the whole, there was an encouraging volume of business in sight. "We have a number of special tours arranged for the summer, which will cover various sections of Canada. It has been our experience that the personally conducted all-expense tour is becoming more popular each year, especially as each trip carries with it an angle of great educational value.

"Special attention is being paid to British Columbia and the Pacific Coast this summer and we are happy to be able to present to you on the Pacific Coast our palatial new steamships to augment our present fleet. There is added interest this year in the Alaskan cruise and this trip promises to be more popular each year," said Mr. Creelman.

Mr. Creelman expects to visit Prince Rupert on his way home.

AIR MAIL INCREASES

New Service on Prairies Proving Very Popular

WINNIPEG, April 3.—Air mail out of Winnipeg has been increasing at the rate of four or five pounds every day, in the mail carried over the prairies, according to W. Lee Brintnell, operating manager of Western Canada Airways in a recent interview here. He stated that business houses were starting to use the air mail, and a considerable amount of mail which was stamped for air travel was coming from the eastern provinces.

The success of the prairie air mail was shown in the fact that little more than a week's operation the new service was being patronized to a greater extent than any of the air mail services in Eastern Canada, Mr. Brintnell said. He attributed this in large part to the realization of the saving in time that could be effected over the long distances covered by the air mail service over the prairies.

No passenger service is operated

in connection with the carrying of mail by aeroplane and up to present no definite plans for conveying passengers on the aeroplanes have been made, according to the officials of the Canadian Airways. It is possible, however, that the question of flying passengers will be considered in the near future.
