NOT EDIFYING SPECTACLE

The spectacle of the premier calling names back at his chief critic is not a very edifying one. Mr. Pattullo, who has represented Prince Rupert since he was first elected when the Brewster Government came into power and who reorganized the lands department and placed it on a business footing, has gone through all those years without any criticism except that he kept his office too smart and efficient and was keen about his own personal appearance. During much of that time Premier Tolmie was enjoying life as the member for Victoria at Ottawa, elected at first by the votes of Liberals. Critics who were on the job never assailed Mr. Pattullo. They knew too well the kind of work he was doing. They tried to jibe at him but did not criticize. Now comes Premier Tolmie and says in effect in reply to the criticisms of the opposition leader. "If I am inefficient, you are inefficient too."

IMPORTING CAMPAIGNERS

During the last election local Conservatives felt they needed outside help so they imported Charles Harrison Gibbons from Victoria to put pep into the campaign and the result was that they lost the local seat.

Again pep is needed for the campaign so this time Joseph Merrifield is imported from Vancouver. It is suggested locally that the result will be the same.

Naturally local people like to hear outside speakers. They are always glad to meet and entertain outside people but they rather resent the idea of being organized and manipulated from the outside. There must have been some local Conservative who was able to do this work and who would have been glad to have drawn the stipend which usually goes with it.

More Power and Pick-up

Of course it is an "age of machinery"—but man-power is still the most important factor in human achievement. Shredded Wheat is a power food. It is rich in the elements that build muscular and mental energy—making it an ideal food for children. Shredded Wheat is nothing but whole wheat, supplying every element that growing bodies need. Delicious with milk and fresh fruits.

STRONG PROTEST

Editor, Daily News:—
If you do not mind, I would like you to publish this protest on behalf of myself and other Conservatives of this riding against the introduction of a political carpet bagger from Vancouver to show us how to run our election.

I protest more particularly because the party in Vancouver refused to put up any longer with his methods and threw him out in the cold.

Mr. Brady must have gone daft to allow this discredited politician to come here to run his campaign. We all remember that his arbitrary, unfair and crude political methods when he was here years ago lost this seat for the party.

We could not make a greater gift to the Liberal party if we tried. I notice that no protest has come from them.

I thank you for the space in your paper.

CONSERVATIVE.

Settlers Rush to Peace River Block

Whole Cache Creek District Will Soon Be Filled, 'Tis Expected

ROLLA, B.C., July 4:—Settlers are flocking into the Cache Creek district in the B.C. Peace River Block in such numbers that it now appears that when the new Fort St. James-Hudson Hope Highway is completed the whole district will be filled up.

Getting Brothers of Hudson Hope have started a regular mail and passenger service between Hudson Hope, Finlay Forks and Fort Grahame.

Hon. V. W. Smith, minister of railways and telephones for Alberta and an ex-alderman of Prince Rupert, was a visitor in Vancouver this week.

Granby Capital Repayments Cut

Dividend of 75c on Common Stock to Be Paid

The directors of the Granby Consolidated Mining-Smelting & Power Co., Ltd., have declared a quarterly capital distribution of 75 cents a share on the common stock, payable August 1 to shareholders of record July 18, 1930. This places the stock on a \$3 annual basis against \$8 previously.

The company suspended dividend distribution in 1919, but in 1927 made an initial "return of capital," distribution amounting to one per cent or \$1 per share. During 1928 this was increased to three per cent, and during 1929 the total distributions amounted to seven per cent, the September distribution being two per cent or at the rate of eight per cent per annum, which has continued until the present time. These capital distributions were appropriated from a reserve fund for depreciation and depletion which in turn was transferred from the current assets account.

The net cost per pound of copper produced, after crediting the gold and silver content of its ore, has averaged approximately 10½ cents and the present low price for copper seriously affects the company's earning power.

LOCAL ITEMS

Herbert Porter returned to the city on today's train from a business trip to the interior.

Provincial Constable Wm. Harrison, who is stationed at Rivers Inlet, arrived in the city from down the coast on the ss. Prince George this morning.

Union freighter Chilkoote, Capt. W. W. Mounce, arrived in port at 10.30 last night and, after a stay of two hours, sailed on her return to Vancouver and waypoints.

George Dawes backed his delivery van into a deep hole on Fourth Avenue East near his home about 5 o'clock yesterday afternoon. Owing to the awkward position, there was some difficulty in getting the truck out of its plight but it was finally retrieved with little damage done. Mr. Dawes was unhurt.

Dave Ross, well known pioneer of this city, is making satisfactory progress in the Prince Rupert Hospital following an operation which was necessitated through injury to his ankle when the limb of a falling tree struck him while he was engaged on the Power Corporation of Canada transmission line clearing work at Cloyah Bay.

HAVE YOU TRIED A CLASSIFIED?

More and more people are turning to the classified columns of the Daily News to find what they want. Used cars, furniture for sale, lost and found, houses to rent or for sale, positions wanted. All sorts of things are advertised there. If you do not read the classified page, get the habit now. Try it today.
