Everyone knows that there are people hungry at times, even in this land of plenty. Circumstances are such that they are unable to earn a living and some are too proud to beg and too honest to steal.

The federal government has under consideration the question of unemployment insurance and it is bound to become a live question in the near future. Men are demanding the right to earn a living and it will be granted them before long. The fate of the poor fellow who died at his own hand in this city is just one of many cases which point to the necessity of action.

TASTE these deliciously flavory Puffed Grains!... They are the invention of Professor Anderson. He seals grains of wheat and rice in huge bronze guns. Revolves the guns in a fiery furnace. When the guns are fired, 125 million explosions occur in each grain.

This opens every tiny food cell. It makes Puffed Grains as completely digestible as though they had been cooked for hours. Hence they become virtually as nourishing as hot cooked cereals.

And how crisp . . . crunchy . . . delectably good to eat Puffed Wheat and Puffed Rice are. They melt in your mouth. They give just the splendid grain nourishment everyone needs. Just now the Daily News is offering an opportunity to secure one of four wonderful prizes and if there should be any who do not get a grand prize they will get good pay for the work they do.

Some prospective candidates have held back thinking that one or two popular girls would enter and make a cleanup. This has not happened. The ones who took prizes last year have held back and do not seem likely to take part. Now the opportunity is offered to those who are new to the work and who have never before entered a contest.

Details of this Great Political Novelty Contest
