ELECTION CAMPAIGN ON

The Dominion election campaign has been launched with the setting of the date for polling on July 28. That means that in Prince Rupert the political struggle will soon be in full swing. Meetings will be held, speakers will hold forth and there will be the usual arguments as to the relative merits of the parties and candidates.

We are glad to know that the calibre of the two candi- LOCAL MEMBER CHOSEN dates is such that it is assured the campaign will be a clean one. It is very much to be desired that all personalities be banished from the fight and that policies alone be discus-

THE NEW PROVINCIAL LEADER

T. D. Pattullo, House leader of the Liberal party, and former minister of lands, has been chosen leader of the Liberal party in British Columbia. It was a good choice and will be so acclaimed by all sections of people through- there in 1910 and mayor of the out the province. The choice seems to have been quite un- city in 1913. American Ports Are Open, However, to Receive Marine Products From Foreign Vessels

In spite of suggestions to the contrary that might have been made, American ports are still open to receive fish from Canadian or any other foreign boats but a treasury decision that has been forwarded recently by the United States customs department, with the approval of A. W. Mellon, Secretary of the Treasury, to collectors of customs and others concerned. indicates that there is to be a tightening up on the collection of duty for fish so landed.

Following is the text of the order dated at Washington, April 28:

"The question has recently been presented to the department whether fish and other marine products taken by foreign vessels or vessels owned by aliens domiciled within the United States may be ! admitted to entry free of duty. The statement is made that at some ports fish caught on the high seas by aliens are admitted free.

"It appears from the records of the department that it has been the! practice at most ports to assess! duty on fish brought into the United States from the high seas in foreign vessels and the department in a letter addressed to the collector of customs at New Orleans, La., dated March 22, 1926, held that fish brought into the United States and foreign vessels were subject to duty, notwithstanding they were not imported from any foreign country. BOYS' BAND

ditor, Daily News:-

Having read in the columns of the local press that the Boys' Band tre anxious to compete in a contest at Vancouver. Kindly allow me brought into the United States by space to express my sentiments re-

First of all, I wish to congratulate the band on their desire to enter the competition, and feel sure, should they compete, they will give a good account of themselves.

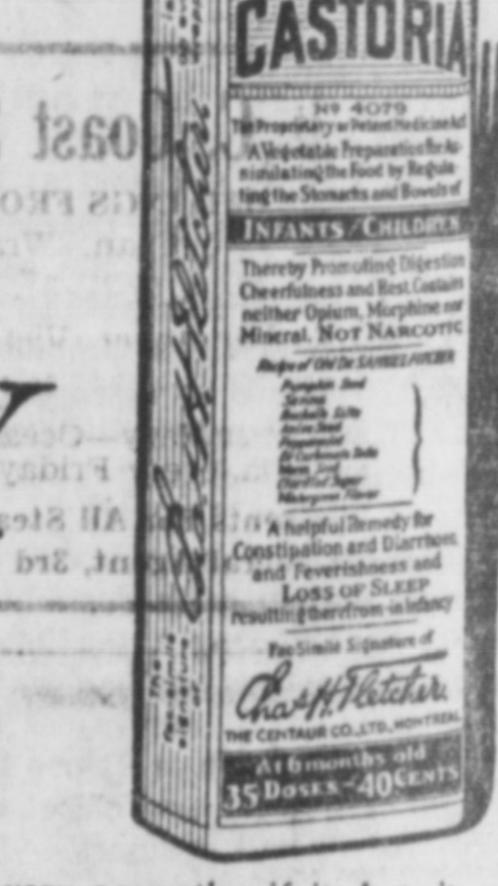

I read of efforts being made to raise funds to cover the transportation charges. I feel it is up to we citizens to assist in raising the necessary finance, thus helping ourselves, through good publicity for our city. So I suggest we rally to our band and help to bring honors to Prince Rupert.

Thanking you for allotted space. AN ADMIRER.
