Tolmie Government, Heading Fast For Ruin, Is Strongly Condemned By Liberal Chief

KAMLOOPS, May 31:—Strong condemnation of the Tolmie government was sounded by T. D. Pattullo, newly elected provincial Liberal leader, in his first public speech following his elevation.

"The Tolmie government has shown and still is showing bitter partizanship through the civil service, the new Highway Act, by the appointment of a three-man liquor commission and the setting up of a political machine the like of which has never before been seen in the country," he declared.

"From the first day of the present regime, the Liberals went to frips with it. We have wrestled with them for two sessions now and we won't let them go until we have dragged them to the mat," Mr. Pattul-

lo promised. The new leader briefly discussed the financial position of the province and characterized the present government as profligate and reckless and said it - senger aboard the Princess Louise Teeny Milly, 6,500, Pacific, 10.6c project of the railway in this + was embarked on a policy which would undoubtedly lead it to ruin.

NIAGARA FALLS, May 31:--For the second time in his adventurous career, William ("Red") Hill, daredevil Niagara boatman, yesterday defied the swirling currents and eddies of the whirlpool and lower rapids below the falls and lived to tell the tale.

Hill made the spectacular stunt in a specially constructed steel barrel. For nearly four hours he was tossed about like a rubber ball in the turbulent swirl of water. He suffered no ill effects.

Lack of Color at Ceremonies In Ottawa When Governor General Delivered Speech Closing Final Session

OTTAWA, May 31:-The Sixteenth Parliament of Canada passed into history last night. Shortly before 11 o'clock the Governor General delivered a speech which brought the fourth and final session to a close. Without delay, an order-in-council dissolving Parliament was approved as a prelude to the issuance of writs for the general election. Thus, by a brief margin, Canada will be enabled to go to the polls on July 28 next. The closing ceremonies lacked some of the color which is ordinarily associated with the opening and final functions of Parliament.
