TERRACE BAZAAR

Catholic Ladies Staged Very Successful Affair Last Saturday

TERRACE, July 29.—After five years of complete silence ladies of the Terrace Catholic Church held a revival bazaar on Saturday in the Canadian Legion Hall. It proved to be a great success, a very substantial net profit being realized, which will go a long way toward defraying the expenses incurred in improving the church building and the dwelling house in connection with it.

A large and beautifully dressed doll and a wonderful cake were raffled during the afternoon, the first being won by Miss Marjory Doll and the cake by Mrs. Elder.

The hall was prettily decorated by the ladies and stalls had been set up around the big room in which fair members of the younger set were on duty to dispense a great variety of merchandise ranging from candles all the way to white elephants. Crowds of people pleasantly jostled each other about the hall and among the dainty tea tables where the clinking of tea cups mingled with the gay chatter. Pretty waitresses darted here and there carrying trays loaded with light refreshments from the beautifully decorated buffet in the centre.

The weather was lovely and this no doubt helped to bring the crowd, especially as it was Saturday with the boys coming from the camps and the business community counting their gains of the week.

The bazaar, which was officially opened at 2:30 p.m. by Rev. Father Leray, O. M. L., came to a happy end late in the evening, and it was generally felt and expressed that such an enjoyable and profitable affair should take a regular place in the general life of the community.

GIANT SHIP MAY ARRIVE

Visitor to City Says He Is Here to Meet Big Zeppelin on or About August 8

Stating that a new giant airship, the Frederickshafen, recently completed at Frederickshafen, will fly to New Jersey and, thence to Chicago, Winnipeg and following the C. N. R. route will cross the mountains by way of the Yellowhead Pass and tie up at Prince Rupert en route to the Orient, Charles A. D. Burk of Ventner City, New Jersey, is spending a few days in the city. He says he is going to make the trip to Skagway and will return here to meet the airship about August 8.

Mr. Burk talks of airships, airplanes, Oriental routes, millions of dollars and such things as glibly as if his every day occupation had to do with them. He says that it is planned to establish a regular airship route this way because of the low mountain pass, the equable climate and the comparatively short distance. He declares that he advised the use of this route and is giving a little help in locating a landing place for them. He thinks this an ideal location for a centre.
