Tea and Sale Is Successful

Delightful Affair Held by United Church W. M. S. at Home of Mrs. W. T. Kergin

A very successful and enjoyable tea and sale of home cooking was held yesterday afternoon at the home of Mrs. W. T. Kergin, Fourth Avenue West, by the Women's Missionary Society of First United Church. Many ladies called during the afternoon to lend their patronage to the affair.

The spacious rooms were beautifully decorated with cut flowers and plants.

The hostesses, Mrs. W. T. Kergin and Mrs. W. H. Kergin, were assisted in receiving by Mrs. George McAfee.

Mrs. T. J. Shenton and Mrs. A. R. Holtby presided over the table and Mrs. J. Krikevsky, Mrs. P. C. Miller, Mrs. J. J. Payne and Mrs. Davey assisted in serving. Mrs. D. Santerbane was cashier while Mrs. W. B. Cornish and Mrs. M. Thomas were in charge of the home cooking table.

A delightful musical program, which was rendered during the afternoon, included vocal solos by Mrs. P. C. Miller and Mrs. Donald Ross, accompanied by Mrs. Alfred Wilson, and piano selections by Miss Linnea Hanson.

ARMISTICE PARADE

Editor, Daily News:

I have read with a great deal of interest the various letters which have appeared of late with reference to the Armistice Parade. There is no doubt that Ex-Service was mistaken both with regard to the 'Reveille' sounded and his impression that a Naval Commander was on parade, and therefore should have been in charge of proceedings. Lieut. Haworth was the only Naval Officer on duty and of course he ranks junior to myself.

With regard to the various Unit Commanders saluting when the parade was dismissed, this really cannot be expected on an occasion of this nature where numbers of different organizations are concerned and military precision is impossible. The only salute I expected to receive was from Lieut. Haworth and this was given with the proverbial smartness of a Naval Officer. Personally, I feel that, although smartness is always desirable if possible, the spirit prompting this annual event is the thing that counts. The splendid attendance on a very inclement evening proved conclusively that the parents of this city have not forgotten those who served and died and are instilling their magnificent spirit into the minds of the children.

The criticism of Ex-Service I am sure was directed by the best motives, and I wish him luck. As far as I am concerned I shall always consider it an honor and a privilege to be asked to assist in any way whatsoever in functions of this nature.

G. P. TINKER.

THE FINAL WORD.

Editor, Daily News:

After reading about The Armistice parade in your Letter Box for over a week now, I am beginning to wonder whether those in The Parade went there to show the people of Prince Rupert, just how much they knew about military etiquette or whether they went there to remember those who did not return from the war.

Most of us have forgotten the red tape connected with the Army and Navy and I think we should all be forgiven for any little mistakes that may have been made on the night of the 11th.

Thanking you for your space, Mr. Editor, I am,

Yours truly,
H. W. MACEY.

EXPLAINS BYLAW NEED

Editor, Daily News:

The Council considers it necessary to explain the reasons for the submission of two bylaws, which are to be voted on by the ratepayers on November 28, 1930.

These bylaws are:

1. For the rough-grading of Eleventh Avenue from Alfred Street to the end of the graded road in McClymont Park.
2. For the construction of a main sewer in Section 5.

The reason for submitting these bylaws at the present time is in order to obtain this City's allotment of \$16,250.00 from a vote passed by the Federal Parliament of \$20,000,000 for the purpose of relief for unemployment.

The Council has decided that the only works which it could economically promote are the above mentioned, and entitle the City to the Government's contribution.

The City has also passed an initiative bylaw for the reconstruction and completion of the whole of Eleventh Avenue from Conrad Street to McClymont Park. Should this bylaw not be objected to by the owners abutting on the street, this policy will result in the entire re-surfacing and putting the street in first-class condition; the cost to the owners is estimated to be \$76.00 per lot; so that the plan will not create a preferential treatment to the owners.

As regards the main sewer, the City Engineer considers this a necessary work, and one which under present conditions should be carried out.

The Council, in view of the above recited facts, strongly recommends the passing of these bylaws

NEW HAZELTON

G. R. Ford of the provincial architect's department, Victoria, spent a couple of days here this week inspecting the new hospital preparatory to its being taken over from the contractor, E. H. Shockley.

The matter of incorporation is now being considered by the property owners of Hazelton. Information is being sought as to the advantages or disadvantages of incorporation under the Village Act.

The site has been prepared by voluntary labor for a skating rink at Hazelton between the new jail and the R. C. M. P. barracks or on the ground formerly occupied by the Hazelton Hotel. The advent of frosty weather is all that is awaited to make a good sheet of ice.

An Indian trapping in the north of this district recently was caught himself in a bear trap and unable to move until assistance arrived. The trap had been set several years previous and had, apparently, been forgotten about.

A daughter was born on Friday last to Rev. and Mrs. Bannister of Hazelton.

Grant Thorburn, formerly in the hotel business in Hazelton and Prince Rupert, passed away recently at his home at Resthaven near Sidney, Vancouver Island.

Miss Kathleen Mathers of Smithers arrived last week to enter the Hazelton Hospital for a nurses' training course.

Another carload of steel for the new bridge arrived on Sunday last. There are a number of cars yet to come.

The local road crew wound up its operations for the season last Friday. Much time was spent this year in taking out sand and gravel for the new high level bridge and in building a new road to the bridge and gravelling it.

Miss Stella Maxwell left at the first of this week for her home in Toronto after having spent the past few months visiting here with her aunt, Mrs. York.

Mr. and Mrs. C. W. Dawson spent last week-end visiting in Smithers with friends.

The skating season has opened in New Hazelton but conditions will be better for enjoyment of the sport when the weather becomes a little colder.

F. M. Dockrill's car was almost demolished on the Smithers Hill at the latter part of last week. His radiator became frozen and he lit a torch underneath it to thaw it out. An explosion followed.

PRINCE GEORGE

Hon. R. W. Bruhn, minister of public works, was a visitor in Prince George this week. He stated that the government would vote \$10,000 for relief work in this municipality and that there would be an increase of \$15,000 in the allocation for Fort George electoral district.

Inspector William Spiller, formerly of Prince Rupert, has assumed his new duties here in command of the newly created "F" Division of the provincial police.

The board of school trustees, at a meeting Monday night, accepted the resignation of A. D. Noble as principal of the local High School effective at the end of this year. Mr. Noble declined an invitation to reconsider his decision.

Prince George girls' and mens' basketball teams visited Quesnel on Monday and returned with two visitors. The local girls won over Quesnel 26 to 11 while Prince George men won 30 to 19.

The Prince George Choral Club has been reorganized with James Quayle, president, Mrs. George Abbott, vice-president, and Mrs. C. C.

WHEN CHILDREN CRY

CHILDREN often cry for no apparent reason. Many times we can't guess what is wrong. The crying may mean a touch of colic; the little bowels may be sluggish—or some other upset. It may mean any of the common little ailments that children suffer. To bring quick comfort to your little one, give a few drops of Castoria. Most upsets of children are soon soothed away by this pleasant-tasting remedy that children all love.

In five million modern homes, Castoria is a mother's first thought when a child is out of sorts, feverish, cross, doesn't eat right or sleep right. When bad breath, coated tongue, or languor tells of constipation. These five million wise mothers know that children should never be given stronger medicines meant for the fully developed systems of grown-ups. Castoria is gentle—safe, yet always thorough and effective for a child of any age. It may be given to the tiniest infant for any little upset. When buying, look for the signature of Chas. H. Fletcher on wrapper.
