

BROOKLYN'S SAFE LEAD

Robins Increase Margin Over St. Louis For National League Lead to Full Game

BROOKLYN, Sept. 16.—Brooklyn Robins widened the gap separating them from St. Louis Cardinals and Chicago Cubs in the hectic National League race by defeating Cincinnati Reds yesterday while the Cubs were breaking even in a double-header with Philadelphia and the Cardinals were idle. The Robins are now a full game ahead of the Cards and lead the Cubs by a game and a half.

In the American League, Washington Senators tightened their hold on second place by winning a heavy hitting battle from the Chicago White Sox.

Yesterday's scores:

National League
Chicago 11-6, Philadelphia 12-4.
Cincinnati 5, Brooklyn 13.
Pittsburg 1, New York 6.

American League
Washington 14, Chicago 9.
Boston 1-2, St. Louis 3-1.
New York 5, Detroit 3.

THIRD AMERICA CUP RACE IS POSTPONED

NEWPORT RHODE ISLAND
 Sept. 16—The third race in the America Cup series between the American defender Enterprise and the British challenger Shamrock V. was postponed today on account of pea soup fog and lack of wind.

 Meanwhile preparations are going ahead to improve the Shamrock and it was announced overnight that two thousand pounds of lead ballast removed prior to Monday's race has been restored.

Evidence was heard by Magistrate McClymont in city police court this morning in the case of Carl Wohlin, charged with keeping liquor for sale, and the hearing was adjourned until tomorrow morning.

 A set of bylaws were drawn up and play will be under way immediately.

SPORT CHAT

The game and fisheries department of the Province of Ontario under Hon. Charles McCrea has plans for raising wild ducks in northern Ontario. Certain areas will be set apart where wild rice, celery and the seed of other aquatic plants will be sown for the benefit of the ducks who like this kind of fare. It is estimated that there are in the north 5,000,000 acres of water capable of sustaining growth of vegetation for duck food and it has been found that an acre with the necessary food will sustain one bird. The department for years has been planting seeds and plants in northern Ontario and wherever this has been done a phenomenal increase in the number of ducks there has occurred. At Sioux Lookout a crop is now about ripe for harvesting.

The Earl of Harewood, husband of Princess Mary, had a few words to offer to motorists concerning the manner in which some of them spoil sport in the hunting field. The Earl of Harewood is Master of the Braham Moor Hunt, Yorkshire. People who followed the hunt in motors sometimes followed them too closely, declared the Earl. They sometimes got in front of the fox, which was perhaps one of the reasons why last season could not be called a good one. The foxes were not given a fair chance of making their point, thereby spoiling the sport of those following the hounds. Cars were often sent out after the hunt on the chance that the owner might wish to return home in the middle of the day. For eight years he had invariably gone home from hunting in a car, and he had never had to ride more than five miles to reach it.

George F. Harris, manager of the B.C. Packers cannery at Mill Bay, is a passenger aboard the Catala this afternoon bound for Vancouver. Mill Bay cannery is now closed for the season.

FOURTH IN SHOOTING

Fine Showing Made By William Brass of Prince Rupert at Montreal Meet

After an elimination contest which brought to the Lachine Ranges 30 men employed by the Canadian National Railways, 15 who qualified in the indoor series and 15 in the outdoor, and 30 men from the Canadian Pacific Railways, 20 riflemen were chosen to form the Canadian railway team in the recent railway international shoot, conducted under international association rules, scores being telegraphed and targets forwarded for comparison later with scores of British and United States railways.

Shooting was extremely difficult owing to a heavy mirage which affected sighting throughout the contest. However, Canada's railway marksmen made an aggregate score of 7615 points for the 20-man team of which four were Canadian Pacific Railway men and 16 Canadian National, in competition for the trophy emblematic of the international championship.

The highest individual score was that turned in by G. Emslie, of Canadian National Railways, Toronto, crack Bisley marksman, who made 392 out of a possible 400. Second highest was that of E. Leamon also a Bisley man, of Canadian National, K. Gray, Montreal, Canadian Pacific Railway employee, with a score of 383 and fourth, W. Brass, Prince Rupert, Canadian National Railways, 386.

Four Bisley men were members of the international team.

Officers of the shoot were Col. Harrison, range officer; Col. Fellows, referee; Lieut. Boa, judge, and the arrangements were in the hands of Col. F. F. Clarke, chairman of small bore rifle shooting, Canadian National Railways, with T. E. Jackson and T. E. Young. A dinner, which was attended by several officers of both railways, was tendered in the Lachine clubhouse of the C.N.R.A. on Saturday evening.

The rifles used in the competitions were 22 long, not exceeding 30 inches, any make, equipped with metallic peep sights. Telescopic sights were not permitted nor was trigger pull of less than three pounds. Sling straps were permitted. Twenty shots were fired at 50 and 20 at 100 yards.

Dress Rehearsal 'Queen of Hearts' Set For Tonight

Plenty of Fun in Musical Comedy Under Elks Begins Tomorrow

A dress rehearsal will be held tonight at the Moose Hall for the Elks' show "Queen of Hearts," which will be presented Wednesday, Thursday and Friday. The special scenery was hung this afternoon, costumes have been given out and C. J. McNaughton, professional director, stated today that everything was in readiness for the show.

It is seldom that such a pretentious production as "Queen of Hearts" is staged in Prince Rupert, and it is expected that everyone will take advantage of the opportunity of seeing a legitimate show again. The reserved seat sale is open at the Orme Drug Ltd., and there are plenty of good seats for any night. While all seats in the hall are reserved, there is no extra charge for reservations.

The Elks also once again wish to call attention of theatre patrons to the fact that the post has been removed from the centre of the hall, and that lights have been set above fire exits.

If you like a good whole-hearted laugh, don't fail to see "Queen of Hearts."

LOCAL ITEMS

Mrs. H. Nations, who has been visiting for a few days at Alice Arm, returned to the city on the Catala this afternoon from the north.

J. O. Bouillianne, superintendent of Power Corporation of Canada's transmission line construction, left on today's train for a brief trip to Falls River.

H. E. DeWolf, local manager for the W. H. Malkin Co., returned to the city on the Catala this afternoon from a brief trip to Anyox and Alice Arm on company business.

It is understood that Mr. Justice D. A. McDonald will be the presiding judge at the fall session of the Supreme Court Assizes opening here tomorrow.

NORTHERN B. C. NEWS

STEWART

The new village council here has set a licence of \$100 every six months for transient traders or peddlars doing business in Stewart.

C. H. Sundmacher, who practised as an attorney in Hyder some ten years ago, has returned there and again put out his shingle. Since leaving this district, he travelled extensively through United States and Alaska.

Packing for the Crawford Transfer Co., Sam Kirkpatrick made a new record for the trip into Bowser Lake with a string of horses. The trip one way was made in three days instead of the customary four and the round trip required less than a week including a full day's stop at the lake.

Mrs. William Watson has returned to Stewart after spending the summer in Edmonton and Victoria. Her daughter, Miss Violet Watson, is remaining in Victoria to take up a business course.

H. G. Wilcox left last week for a trip to Prince Rupert.

The local fire chief has a few pupils training under W. Matheson to start and stop the pump engine on Fifth Avenue.

Leonard F. Fisher, son of Mr. and Mrs. F. Fisher, left last week for the south to resume his studies. Mr. Fisher sr. is superintendent of the Premier tram.

Archie Paton, accountant of the local branch of the Northern B. C. Power Co., has been spending a few days in Prince Rupert on company business.

BURNS LAKE

In order to provide a 24-hour service for electric light users in Burns Lake, A. M. Ruddy has purchased two new diesel engines of the latest make. With the addition of the new engines, it will be possible to give service to all business places and private residences in the town. Power lines will be extended to parts of the village other than those already served.

The Burns Lake and District Board of Trade is urging the Canadian National Railways to lease the same quantity of settlers' contracts this winter as previous.

Forest fire, sweeping the vicinity of Savory last Monday, destroyed the home and contents of Mr. and Mrs. Phil McGettigan. Considerable commercial timber also went up in flames.

Maynard Nourse was chosen junior fire warden here in connection with lectures conducted last week by T. G. Martin of the Canadian Forestry Association.

FRENCH FLYERS GOODWILL TOUR

Coste and Bellonte Given Big Reception at Boston

BOSTON, Sept. 16.—Aviators Dieudonne Coste and Bellonte arrived yesterday in the course of their good-will tour of the United States and were given a wonderful welcome. They also stopped at Hartford, Conn., and there too, thousands of people turned out to greet the French flyers.

WHITE HORSE WHISKY

DISTILLED, BLENDED AND BOTTLED IN SCOTLAND

Do you Look for a "Bite" in Whisky?

Many cheap and inferior whiskies are noted for their "kick" or "bite." A "bite" is the result of adding raw spirit to the blend. Actually a whisky with "bite" is usually much less mature than a whisky with none.

One reason for the world reputation of "White Horse" Whisky is its complete lack of "bite." The rich, creamy body is acquired after many years in the wood. When deep in its maturity and properly "married" White Horse is bottled—ready for the world's approval. A more mellow, generous and delightful spirit than White Horse is not obtainable.
