SOLDIERS' VOTING QUESTION AGAIN

Letter From Col. Peck was Read
At the Council Meeting
Last Night.

At the council meeting last night a letter was read from Col. W. Peck, V.C., M.P., regarding the voting of returned men at municipal elections. Col. Peck felt that all men who had served with the expeditionary forces in France, England or Canada should be entitled to vote and that their discharge certificates should be sufficient to get them on the lists. The mayor said that this was a matter that was regulated by the legislature and the proper way to have it adjusted would be to take it up with the Union of B. C. Municipalities who could recommend amendment to the Provincial Government.

CITY BONDS ARE NOT POPULAR INVESTMENT

Default of Saskatchewan City
Hurt City Bonds Generally.

At last night's City Council meeting a letter was read from the Spitzer, Borick Stock and Bond Co., of Toledo, Ohio, the firm that in the past has floated many of Prince Rupert's bond issues. The American company reported that the bond market was very quiet and that Canadian municipal bonds were selling very slowly at the present time and the default of Prince Albert on its bonds had done a lot to hurt the selling of all Canadian city bonds. Canadian federal bonds were offering at 6 per cent interest and provincial bonds 6½ per cent so it could be seen that there would be difficulty handling city bonds at the same rate or less. Prince Rupert's new bonds will offer 6 per cent. The company evinced interest in the bylaw elections and wished to know the result.

The mayor said that it was a very desirable thing that the people should know through the medium of the press that it was no simple matter to sell municipal bonds just now. At the same time Prince Rupert did not intend to sacrifice its bonds although they were not just the most popular form of investment at the present time.

HAPPY GATHERING IN DOWNTOWN HOTEL

Popular Club Holds Party and
Meets in Police Court to
Pay Expenses.

The Hibernian members of the Suicide Club had another session in one of the local hotels yesterday evening. They took French leave of one of the tables in the house and produced a large sized bottle of lemon extract. When their imbibings had made them gather hilarious the manager of the hotel investigated the cause of such undue merriment and on seeing the bottle called up the police station. Constables Adams and Duff answered the call and escorted the merry quartette to the station where they spent the night.

This morning they came up before Magistrate McMorde to settle up. Besides the extract the evening's entertainment cost Mike Donohue, Wm. Watson and Geo. Richardson \$10 each or 20 days labor to work off the debt. Pat Casey, being an old offender, was required to pay \$15 or serve 30 days. None of the club members bore very cheerful countenances this morning. One of the accused said that he could not walk down the street without help and the magistrate lamented that he was such a confirmed drinker.

HAROLD LOCKWOOD AT THE EMPRESS THEATRE

In "A Man of Honor" Harold Lockwood is the star. It is a story of love and finance and adventure. It is out of the ordinary rut of movie plots and the photography is first rate.

The city building inspector recommended to the council last night that, in view of many hot air heating systems being installed in Prince Rupert and there being no bylaw governing them, that the clauses of the Vancouver bylaw regulating this be inserted in the city bylaws. This letter was referred to the Board of Works for report.

PEPS

the real breathable tablets, make the throat, chest, and lungs cold-resisting. When a nasty cold or a coughing bout foretells the revival of your old bronchial trouble, the best thing to do is to take Peps at once to strengthen and

PROTECT

the chest. When a Peps tablet is taken from its preserving silver wrapper and allowed to dissolve in the mouth, it gives off powerful medicinal and germicidal fumes that immediately circulate with the breath through all the air-passages, and destroy any germs that have got into

YOUR

nostrils and throat. At the same time the sore, inflamed membrane is soothed, healed, and protected, phlegm is released from the bronchials, breathing is made easy, and that distressing cough and throat soreness disappear.

By this direct treatment Peps keep trouble off the

CHEST

and lungs, and the worst weather can be faced without fear of evil consequences. It is the safest plan to always have a few Peps handy to arrest a cold, and prevent it reaching the lungs or starting bronchitis and chest weakness.

Peps

SAVE YOUR SIGHT

EYESIGHT—The most valuable of all the senses—is the most neglected and the least understood. Many suffer from it, which, upon examination, can be traced directly to defective eyesight.

THE removal of the cause will often restore the delicate and run-down sufferer to robust health. When glasses are properly prescribed, they restore the vision to normal and eliminate all eye strain.
