

THE reason that Fire Insurance Companies insure your property so cheaply is because they have a great number of properties insured in a great many localities in many different cities. Thus their risks are subject to the law of averages. The individual who carries his own risk (in other words does not have his property insured) cannot possibly so diversify and scatter his risks as to bring the law of averages to apply to his property. Therefore the insurance companies can carry your risk cheaper than you can. **H. G. HELGERSON, LTD.**, are writing insurance carefully and in thoroughly reputable companies. Phone 96 and we will be glad to quote you the rate on your risk.

## High Cost of Living

VS.

## Low Cost of Insurance

Midst all the increasing cost of living there's one thing that hasn't advanced—that's the cost of Mutual Life of Canada Policies. In fact, a Mutual policy today requires no greater investment than a similar policy taken at a corresponding age a dozen years ago.

And the fact that the dividends to policyholders in Canada's only Mutual Life Ins. Co. have shown a gradual increase since the company's inception makes the investment more attractive now than ever before.

Would you care to know the profit returns being made this year to Mutual Policies?

As a result of the letter received from the Minister of Lands inquiring as to granting waterfront for fishing purposes at Section 2, the fisheries committee, which consists of Aldermen McRae and Rochester, presented a report to the council last night recommending that the fish section be kept together in the vicinity of Seal Cove. The motion was adopted by the council.

"Happy" Ritchie had a rather exciting experience at the weekend when he was lost near Wolfe Point. He lost his bearings and was out in the woods for nearly two days before a search party finally picked him up near Metlakatla last night. The contour of the land about Wolfe Point is very deceiving, so much so that there is a lake on the point called Lost Lake. It takes an excellent woods traveller to keep his sense of direction through that part of the country.

## "Rexall Remedies"

A name that all America has learnt to know and rely upon

"Rexall Remedies" are successful because of the high standard of quality that is rigidly maintained in compounding formulas based on proven principles. Confidence has been established because of the conservative claims made.

"Rexall" does not in any sense stand for "Cure-all." Instead there is a nature-aiding preparation for every human ill. "Rexall Remedies" do not contain harmful stimulants or habit forming drugs.
