

Canada's Finest Tire ... the Royal Master!

THE ROYAL MASTER is Canada's finest tire . . . it is without equal . . . because it is built with utter disregard of cost to serve with entire freedom from trouble for as long as you drive your car.

Look at the husky, deep-notched tread and you will know why the Royal Master grips the road with safe, sure traction. Look at the sturdy, buttressed sidewalls and you will know why it has the "flex" to endure severe road shocks.

But what you can't see is the sturdy carcass built of ply upon ply of Dominion Web Cord and virgin rubber.

Besides, the Dominion Royal Master, with its massive tread design in permanent jet black, and the smart Crest in royal purple, strikes a new note of tire beauty that adds to the appearance of the most aristocratic cars.

Although the Dominion Royal Master is priced higher, it is most economical on a mile per dollar basis.

All Dominion Tires and Dominion Inner Tubes offer you exceptional strength to meet the exceptional demands of today's higher speeds, faster braking and greater mileages. When you buy, buy Dominion quality.
