Only proper regard for the true order of life will enable us to realize the presence of God with all the blessings of the social nature which this makes possible. GENERAL ELECTRIC

now presents a 9-TUBE GE POPULAR

Unexcelled for TONE · PERFORMANCE · VALUE

IN recent competitive tone tests General Electric Radio has won almost the unanimous vote of distinguished musicians and music critics. Four leading radios, hidden by screens, were friendly rivals. Each set was known only by a number. Ears alone judged the tone. Yet in every tone test, General Electric Radio has earned by far the most votes.

So we urge you to hear the General Electric Full Range Radio! Judge for yourself its superb tone, keen selectivity and distance-getting power.

Visit the nearest General Electric Radio dealer. Ask particularly to see and hear the new General Electric Popular Console. Its value at \$149.50 (complete with General Electric Radiotrons) is unexcelled - and you can buy on convenient terms.
