FAREWELL DANCE TO POPULAR YOUNG LADY

Miss Ruby Taylor and Parents
Guests of Honor at Farewell Affair.

A very pretty farewell dance was held in the St. Andrew's Hall last night in honor of Miss Ruby Taylor, who is leaving for the east next week. About seventy of her many friends in the city gathered and the evening was spent in dancing to the music of the new Westholme Orchestra. At almost every dance some new innovation is adopted in the music line and last night was no exception, for Will Edmunds and J. Senescu took the banjos to the able accompaniment of Alex. Gray at the piano and "Brownie" at the drums. The floor was in excellent condition and everyone thoroughly enjoyed the occasion.

At midnight a delightful supper provided by the guests was enjoyed and during the course of the refreshments Col. McMorris, D.S.O., made a few laudatory remarks and mentioned the esteem in which not only Miss Ruby Taylor was held, but also Mr. and Mrs. Taylor. General regret would be felt in the city on the departure of such valued citizens. A very artistic scroll was presented to Miss Taylor on which was inscribed the names of all the guests.

At 3:15 the affair broke up with the singing of "Auld Lang Syne." While the pretty guest of honor was forced to the centre of the jolly circle, all the friends unselfishly provided for the success of the function.

The Man in the Moon SAYS—

That it is declared with brazen effrontery that aeroplane wing is being served in some of the local restaurants in place of chicken.

That "up" is the only word the coal operators seem to know well, when discussing prices.

That there is more than a broken roadway at Cow Bay, judging by the way people hold their noses when they pass that way.

That if the coal mines close we must take to the woods.

That the Victory Loan will be simply a memory until the interest comes due.

That Pussyfoot Johnson looked like a winner when he took his little ride in good part and told the boys he was coming down to lecture to them.

That no one likes a good sport better than the English people.

That it must have been an Irishman who told the English people there was plenty of timber for wooden houses if they would only put their heads together.

That Fred Ritchie was not really lost but only delayed by the storm.

That while he slept on the beach he was still serenely "Happy."

EXCITING TIMES ON WHALE AT ISLANDS

One Whale Gets Under Vessel and Rocks it up and Down.

Capt. Charlie McKiel, of the whaler Blue, told an interesting story at Victoria last week, of an experience he had had in the summer at Naden Harbor. A big whale had been harpooned and was being towed in when it got under the steamer and rocked the little vessel up and down. The craft had to turn her engines astern to back off the carcass before a second shot from the bow gun could kill the whale.

Capt. McKiel had an experience once before which was just as exciting when a big sperm whale charged the whaler and broke the rudder chains in the impact. The mammal's head was split open.
