

# Prince Rupert and Central B.C. Roads Are Prominent Factor in Provincial Public Work Scheme

New Highways From Prince George Eastward and West-TO REDUCE ward to Prince Rupert Are Contemplated in **Program Announced Yesterday** 

### Would Provide Through Route From Here to Alberta Border

Pacific Great Eastern Railway Will be Finished to Prince George if Outlet For Peace River is **Embarked Upon** 

VICTORIA, June 18:--Premier S. F. Tolmie yesterday made known a program of public works which the provincial government will proceed with at once if the federal, government will give assurance of paying its share of the cost later. The provincial government's scheme involves four main road projects including the construction of a new route from Prince George east-#\* ward to the Alberta boundary via Premier Tolmie Jasper Park and the continuation

PILCHARDS

**Regulation of Government Makes Operation of Plants** Possible

VANCOUVER, June 18:-The majority of 23 pilchard reduction plants on the West Coast of Vancouver Island will operate this NAUTILUS season, it is expected, instead of only eight as was at first contemplated. This is the result of permission given by the Dominion government to use the formula "made from refined edible oils" on pac-

kages containing shortening

made from pilchard oil.

# Schooner Estep Told Not To Tie Up Last Night at Local Dock

Cutting of Lines Reported to Have Been Threatened-**Customs and Police Authorities Are Vague in Commenting Upon Incident** 

The American halibut boat Estep, laden with a catch of halibut, was last night denied the right of tying up alongside a dock in Prince Rupert with a view to selling her fish on the local exchange this morning. As the vessel came alongside, it is stated, she was met by a crowd of fifteen or sixteen men who warned the skipper not to tie up or else nis lines would be cut. In order not

to bring about an open outbreak, it
