U.S. Department of Justice After Reds

Submits to Senate Drastic Bill to Suppress Radical Societies Following Shooting of Soldiers at Centralia.

WASHINGTON, Nov. 19.—A drastic bill has been submitted by the Department of Justice to the Senate Judiciary Committee containing measures to suppress the various Red societies and orders. The action of the Government was forced by the Centralia shooting and by the revelations

which have followed it, showing that the movement is widespread. The cold-blooded killing of four returned soldiers which was planned beforehand and the refusal of some Red organizations to condemn their deed, has shown the administration that vigorous action is necessary.

LAUNCH AILEEN ON THE ROCKS

Drifted Away in the Gale Last Night and is Badly Injured.

IMPERIEUSE WAS SAFE ON THE BEACH

M. M. Stephens' fine launch Aileen went adrift early this morning in the gale and is pretty badly injured. At present she is under water on the rocks near McNicholl Creek, but as soon as the tide drops an effort will be made to patch up the hull sufficiently to float off with the rising tide and tow to this side.

The Imperieuse that was moored alongside the Aileen also drifted across the harbor, but was on the beach uninjured and has been hoisted and anchored safely.

The float got away and is near the mouth of McNicholl Creek.

MAY BE MANY CANDIDATES FOR MAYOR

Nothing Definite Announced Yet But Possibility of at Least Four in the Field.

Who will be the candidates for the mayoralty this year? That is a question that is being asked by many, but no one seems able to answer; it satisfactorily. Mayor McClymont, it is assumed, will be in the field again, although he has not said as much. It is also expected that there will be a labor candidate. George Rudderham has been mentioned and also Fred Shaw.

Other names seriously mentioned are George Nickerson and M. P. McCaffery. Both of these are busy men but it is possible one of them may be induced to accept the nomination. It is understood that pressure is being brought to bear to get one of them in the field, but everything is uncertain. George Frizzell's name has been canvassed and so have several others. Alderman Kirkpatrick is also mentioned in certain quarters.
