WIFE DIED LAST WEEK

Tragedies Come in Quick Succession to Carden Family in Vancouver

VANCOUVER, Dec. 15.—Elizabeth Ann Carden, wife of Walter Carden, 77, who was killed in an auto crash here Saturday night, died just last Wednesday. The aged couple had come here from Britannia Beach. One son, Maurice, and one daughter, Mrs. A. J. Lowther, survive. Mrs. Carden was 76 years old.

Western Artists Continuing Busy

Greater Work and Finer Exhibitions Than Ever Before Are Being Planned

OTTAWA, Dec. 15.—Art is flourishing throughout the Western provinces and the artists of both the prairie provinces and British Columbia are carrying on, planning greater work and finer exhibitions than ever before. This is the word brought back to the capital by H. O. McCurry, assistant director of the National Gallery, who recently returned from a western tour which took him to the Pacific Coast. The annual exhibition of Canadian art, which will be held at the National Gallery in January, will have many presentations from western artists, Mr. McCurry states.

Talks About Halibut Price At Ketchikan

KETCHIKAN, Dec. 15.—Returning from a business trip to Seattle, Jack Molaca has reopened offices here as a buyer for the San Juan Fishing and Packing Company. He is in the market for king salmon and will buy halibut as usual when the season begins.

"There is every reason to believe that spring and summer sales of halibut will show an improvement," said Mr. Molaca. "At the present time the dealers, fishermen and boat owners are faced with the same situation which confronts the farmers and every other class. Halibut is now being sold in Boston for 10 and 11 cents a pound wholesale. Every one familiar with fishing knows dealers cannot make any money at that price. But one advantage of the low price is the fact that the present stock of frozen fish is moving. Business men everywhere are sacrificing 'old stock' in the hope of getting profits from new stocks. It is part of the readjustment plan."

DENIES FAKE RUMORS

Editor, Daily News:—It has been brought to my attention that a rumor is going around to the effect that we are selling some of the articles contributed for the relief of those who are in need. This is absolutely untrue and without foundation of fact in any respect. We simply act as agents for those who wish to donate and in the best possible manner turn over the goods or money entrusted to us to be used for the benefit of those in need. Rumors that clothing is being sent to Vancouver and Toronto are equally untrue. Everything donated, whether clothes, money or groceries, is used in Prince Rupert or the immediate district. CAPT. STEELE, Salvation Army.

Northbound on her sailing from Vancouver of January 1, the steamer Catala will make a special call at Ocean Falls northbound on her way here. On Christmas Day the northbound sailing of the steamer Catala from Vancouver will be delayed from 9 p.m. to midnight.

WILL BROADEN LOCARNO PACT

GENEVA, Dec. 15.—Advance information regarding the disarmament conference to be held here next spring indicates that efforts will be made to bring about a new and broader version of the Locarno Pact whereby signatory nations will guarantee their actions and efforts against aggressive warfare.

MAY QUIT HIS TOUR

Rt. Hon. Winston Churchill Faces Long Period in Hospital as Result of Accident

NEW YORK, Dec. 15.—Facing the prospect of having to spend five weeks in hospital for treatment of injuries sustained Sunday night when he was knocked down by an automobile, Rt. Hon. Winston Churchill, British statesman, will probably have to cancel the greater part of a lecture tour of the United States on which he was about to embark when the accident occurred.

Mr. Churchill was struck by an automobile when he attempted to cross Fifth Avenue against the traffic signals. He admits that he was solely to blame himself for the accident. The police, agreeing with this view, have released the driver of the car which struck Mr. Churchill.

Five Thousand School Children Are Inoculated

VANCOUVER, Dec. 15.—Within next few weeks final anti-diphtheria toxoid inoculations will be given to approximately 5000 school children, bringing the total of immunized children under 11 to about 10,000, it is announced by Dr. J. W. McIntosh, city medical health officer.

Since toxoid treatment of school children started in 1929 the diphtheria rate, which had advanced steadily till that year since records were first maintained, has taken a tremendous drop. The peaks were in 1928 and 1929, with 559 and 548 cases respectively. General toxoid treatment was started in 1929, and next year the diphtheria cases dropped to 17. To date this year there have been only 60. The city's share of hospital costs for diphtheria cases for nine months this year is \$25,500 less than for the corresponding period of 1929.

Mother of Ocean Falls Man Dies

Mrs. Margaret Stephens of Britannia Beach Passes Away in Vancouver

The death occurred in Vancouver last Wednesday of Mrs. Margaret Stephens, wife of George Stephens of Britannia Beach and mother of Michael Stephens of Ocean Falls. Besides the son at Anyox, there are two other sons. The funeral took place at Nanaimo on Sunday.

AGENT IS RETIRING

W. C. Orchard, General Agent For Canadian Pacific Railway Here, Being Superannuated

Long Service

Successor in Prince Rupert is W. L. Coates, Agent For Company At Juneau

Wallace C. Orchard, who, as general agent for the Canadian Pacific Railway Co. here for the past 13 years, has been a popular and valued local transportation official, will retire from the service of the company on superannuation at the end of this month. It was announced today, Mr. Orchard, who expects to leave Prince Rupert about the middle of January to make his future residence in Vancouver, will be succeeded here by W. L. Coates, agent for the company at Juneau for several years, who is due to arrive here from the Alaskan capital on January 20.

Mr. Orchard has been in the service of the Canadian Pacific Railway for over 42 years, having started with the freight auditor department at Montreal June 19, 1889. On July 13, 1898, he became a tariff clerk in the office of the general freight agent at Montreal and, on April 1, 1903, was promoted to the position of chief clerk in the freight tariff bureau at Montreal. Advancement to the post of chief clerk to the general freight agent at Montreal followed on April 15, 1907, and on February 1, 1910, having moved west, he assumed the duties of chief clerk to the general freight agent at Vancouver. In February 1918 he came to Prince Rupert as general agent for the company and since that time has been located here.

Departure from Prince Rupert of Mr. Orchard will be a matter of regret to his many friends as well as to the business public generally. He has been a member of and taken an active part in the affairs of the Prince Rupert Chamber of Commerce, Rotary Club, Prince Rupert Club and Masonic Order during his residence in the city. He has also been prominent in the affairs of St. Andrew's Anglican Cathedral, being a past treasurer of that church. Mrs. Orchard has also become very well known and esteemed while here although she has suffered a good deal from illness during the past few years. They will both be wished long life and happiness after their departure from Prince Rupert.

Elections Are Not Expressive

National Women's Library Association of Britain Passes Resolution

LONDON, Dec. 15.—The Women's National Liberal Federation passed a resolution declaring under our present system at elections the real political judgement of the country cannot find expression, and that the professed system of one man one vote has become a farce.

INTEREST OF WOMEN

Miss Agnes McPhail, M. P., Says They Should Take Public Life Seriously

EDMONTON, Dec. 15.—Four years ago she wouldn't have been considered respectable enough to address a Women's Canadian Club, Miss Agnes McPhail declared when she spoke to an Edmonton audience of its members in the interest of peace and disarmament. "It is because I have a good deal of faith in the common sense of people, and particularly women, that I am wearing myself out on the close packed itinerary that the general secretary of the clubs has marked out for me on this tour," the victor of four federal election campaigns averred.

"I would also like the women of Canada to take public life seriously and to accomplish something definite. They can't do that while they take only a half-hearted interest in public affairs. But I want them to do it in a woman's way. British women are much more deeply interested in the vital things of living than Canadian women. At any international gathering the British women are the best informed of any women there, but they do it by hard work and real interest and not by frittering their time away on non-essentials," said Miss MacPhail. "They play, but they play when they play and work when they work."

CANONIZING YOUNG GIRL

Margaret Sinclair of Edinburgh Exhibited Saintliness in Life

LONDON, Dec. 15.—Archbishop MacDonald, the Roman Catholic Archbishop of St. Andrews and Edinburgh, is leaving for Rome in connection with the movement for canonization of Margaret Sinclair, an Edinburgh factory girl, who died of tuberculosis in 1925.

Evidence has been taken on oath from several persons as to her saintliness and as to cures and mysterious effects which are said to have resulted from her powers of intercession. Margaret Sinclair was at one time engaged to a young ex-soldier. She broke off the engagement, and after her death the young man came forward to testify to her saintliness. Her grave in the Mount Vernon Cemetery in Edinburgh attracts many visitors.

Frank Lindsay Trial Is Going On In Seattle

SEATTLE, Dec. 15.—All women jurors were eliminated yesterday at the opening of the Frank Lindsay trial.

OPPOSED TO TAKING OFF 2-CENT DUTY

Ketchikan Paper Discusses Bone of Contention Between American and Canadian Fishermen

In a recent issue, the Ketchikan Chronicle says:

"A matter of considerable importance to the halibut fishing interests of Alaska will be voted upon by referendum by the Deep Sea Fishermen's Union December 29 along with the election of officers. It is whether the Canadian fishermen shall separate from the American fishermen, the Canadians to form their own union.

"The same subject is before the Fishing Vessel Owners' Association which is composed of owners of boats engaged in fishing. So far as is known here the vessel owners have taken no official action on the subject yet, but it is believed the general committee representing various interests appointed at the meeting of the association in Seattle will also consider this phase among many other subjects to be considered.

"The Canadian fishermen belonging to the union and to the association are practically a unit in declaring that the American duty must be equalized so that Canadian boats would be paid the same price for fish as paid American boats in Canadian ports. Most of the halibut men who attended the hearing of the international fisheries commission in Seattle, according to L. P. Sunderland, a member of the advisory committee on the commission, were against any lowering of American duty on halibut. Therefore, from all accounts there seems little chance of the two factions reaching an agreement."

What Better Work Than to Bring Happiness to Needy at Christmas?

Some people like to search out for themselves some family or families that are in need and see that they are cared for. Members of churches sometimes like to care for their own people. Outside of this there are always a large number, often the worst cases, who have no one to look after them. These are searched out by the Salvation Army and made happy at the Christmas season. What better work could be done?
