#### PULP TIMBER EXPORT

These are days when the natural resources of the coun- plays plus deadly shooting, which try are not being developed, when the inhabitants are crav- featured Mitchell, Kelsey and ing employment and when the governments are extremely Cross. Styles, who is usually a high worried how to keep men working and eating without re- point getter for C. N. R., took a ducing the country to a state of bankruptcy.

In view of this, the proposal that British Columbia be points with the able assistance of allowed to export pulp wood from this district is one that the rest of the team. It's too bad should receive most favorable consideration. Especially the Trainmen don't use this really should it be considered with favor by the B. C. Govern- fine player more often. Panthers ment, which, it is well known, is in such bad financial are now leading the Senior divistraits that it is even considering the possibility of taxing rentals, something hitherto unknown in the province.

The proposal is to allow the export of pulp wood which ald (7); total. 32. would be shipped largely from Prince Rupert after being peeled and cut into cordwood lengths. This would be mostly timber not suited for any other purpose and would come from the interior of the province to tidewater from whence it would be loaded on to ships and sent through the Panama Canal to the Eastern United States.

The export at this time would be one means of helping either team exhibiting really good to bring the Canadian dollar back to its true value on the basketball. Vance, Walters and Un-American side.

We are inclined to the belief that the government will look with favor on a proposal of this kind. While few people would recommend it as a settled policy, it might be arranged for a term of years until conditions have im- and, incidentally, are the winners vancouver, bond dealers, advised proved to such an extent that we can once more say we do not need this extra business.

Those who would benefit from this log export would be (3). Wingham, Unger (6), Tobey, a sudden jump in exchange within the railways, the shipping companies, the exporters, the forestry department of the government and the business (3), Thurber (5), R. Morrison (6), Saskatchewan bonds which had people of the province. Employment would be found for Smith, Allen, Moxley, Hanson; to- been ordered by the council recentmen in the woods, for men hauling to the cars, for railway- tal, 14. men hauling the timber to tidewater, to longshoremen and others at Prince Rupert.

We all agree with the policy of manufacturing our own were far superior to the Cardinals change and price becoming again raw products in this country. As a general policy that is in their shooting. Every member favorable. good. But at present we have few manufacturing these of the Amazon team managed to raw products or wanting to and in the meantime we all score and the whole team funcmust live.

Your Most Valuable Asset..

Isn't it comforting to reflect that—during a period when almost every type of investment has caused heavy financial losses - one of your assets has continued to pay one hundred cents on the dollar. That asset is Life Insurance.

In a time of uncertainties, Life Insurance has remained a certainty. It has continued to provide a cash estate for the widows and fatherless - continued to guarantee a definite nest-egg for old age.

Life Insurance is the one asset you can't afford to lose—the one asset which should be as large as possible. Talk it over with a Life Insurance representative and invest your savings where they will be safest and render the most benefit to yourself and family.
