RECEPTION

Radio Association Hopes Soon to W. M. Brown to go to Victoria as Clear Up Trouble With Power Lines

The Prince Rupert Radio Asso- W. M. Brown was selected by the 1.00 G. H. Kohl and J. J. Little.

Mr. Pawson explained to the association that the Power Corporation was absolutely behind the as-.25 sociation in efforts to clean up the 1.40 interference now apparently caused 02 by the entry of the power lines into the city. He pointed out that in Quebec and Ontario, in which provinces high power lines crossed and recrossed the country, radio reception was good and that there should not be any trouble in the city of Prince Rupert,. The local manager, J. J. Little, would co-operate in every way possible to clear up any trouble there might be caused by their company. Mr. Kohl wrote along the same lines and said medied as soon as ever possible.

A trouble committee was appointed to receive from any radio owner any trouble that the owner thought fit to report and it was hoped that in this manner numerous interferport to any one of these gentlemen

Considerable discussion took, place as to the noise occasioned by the street lights. Several members present stated that reception was good until the time that the street a period considerable roar was

Educational Talk

The president, Mr. Wesch, called upon T. Rose to give an educational talk on aerials and ground wires. This was most interesting. He emphasized very strongly that one of the most important connections to any radio was the ground wire nd that, if a proper ground were secured, it made all the difference to reception. He gave several ideas for aerial wires and advised strongly that aerials in this town should that said aerial should always be strung over open ground. The lead proved.

the town with the trouble finding their equipment is in good shape and so let radio owners get full value for their investments in ma-
