

BECAME SO THIN SHE WAS AFRAID

"FRUIT-A-TIVES" Made Her Well, Strong and Vigorous

MADAME ARTHUR BEAUCHER

805 Cartier St., Montreal.

"I suffered terribly from Constipation and Dyspepsia for many years. I felt pains after eating and had gas, constant headache, and was unable to sleep at night. I was getting so thin that I was frightened and saw several physicians who, however, did not seem able to help me.

At last a friend advised me to take 'Fruit-a-tives'. I did so and soon I felt some relief. I continued with 'Fruit-a-tives' and in a short time, the Constipation was banished, I felt no more pains or headache or the disagreeable sensations that follow dyspepsia. Now I am well, strong and vigorous."

Madame ARTHUR BEAUCHER.

SYLLABUS OF WINTER ADDRESSES ARRANGED

St. Andrew's Society Will Hear Many of City's Best Speakers.

The St. Andrew's Society have certainly obtained some very good public speakers to lecture to the Society in this winter's program of addresses. Besides the speakers on the evenings of the lectures there will be complete musical programs. The following is a list of the speakers that have been arranged for:-

- Dec. 19 J. C. Brady
- Jan. 16 .. Col. Peck, V.C., M.P.
- Jan. 23 Burn's Night
- Feb. 13 L. W. Patmore
- Feb. 27 Fred Stokk
- Mar. 12 ... Rev. W. E. Collison
- Mar. 26 .. Judge F. McB. Young
- Apr. 9 .. F. H. Mobley, M.P.P.

BASKETBALL GIRLS KEEN ON WINNING

Burst of Song Over Result of Next Monday Night's Game.

One of the Prince Rupert High School girls has become so enthusiastic about the basketball game and the prospects of her side winning on Monday that she has burst into song over it in a parody on "How you gonna keep 'em down on the farm." The following is the effort:

"How you gonna keep us from winning this game? That's what we want to know. How're you gonna keep us from going over—Over the line, most of the time. How're you gonna keep us from scoring a goal? That's a mystery. Fancy one of our side when she gets the ball, scoring points by dozens with no trouble at all! How you gonna keep us from winning this game? That's what we want to know.

The Man in the Moon SAYS:-

That after every night of gaiety there is a morning and blessed is he who remembers it.

That a number of wise men saw the star last night and followed it.

That it proved to be a morning star, but happily not a mourning star.

That great interest is being taken in the schools' basketball series.

That the girls are said to look "just too sweet for anything" in their costumes.

That they play with just as much enthusiasm as the boys.

That both sides are expecting to win on Monday.

That the advertising of a musical Sunday evening at the Methodist Church is a decided novelty.

That the attendance is likely to be large.

That the Methodist Church being the only one with a pipe organ should be a social centre not only on Sunday but during the week.

That if the organ has a cold, the public would willingly pay for the doctor.

That a number of "aspirants" are sore with the Daily News for not announcing them as probabilities in the coming mayoralty contest.

That anyone looking for the support of the public should be made to prove his fitness by actions rather than by words.

That the one who talks most and best is often the least efficient.

That this applies in every walk of life.

That some of the big city papers are featuring a story with the headline "Girls Use too Much Powder." The boobs could have proved the truth of the title had they only walked down the street with their eyes open.

The case of Rex vs. Marvin E. Allen, charged with forgery, was again adjourned in the police court this morning awaiting the arrival of witnesses for the prosecution from the Queen Charlotte Islands. The date of the preliminary trial is now set for Tuesday, November 25.

THE AFTERMATH OF THE FLU EPIDEMIC

Necessity Pointed Out of Public Being on Their Guard for Several Years to Come.

In a recent number of the Saturday Evening Post a writer calls attention to the special dangers existing in the years following an influenza outbreak. He quotes the vice-president of a great insurance company as saying that after the flu wave of 1889 the mortality rate, especially from pneumonia, was high for some years.

A noted physician is also quoted as saying: "It is altogether probable that as an after effect of the influenza there will be an unusually high pneumonia death rate for several years to come."

Warnings such as these should be borne in mind and drive home to every person the necessity of prompt action in every case of cold—usually the forerunner of influenza, pneumonia and kindred ailments.

It is possible to afford effective relief for a cold by home treatment, especially if it is taken in its early stages. Just as soon as the sneezing, running at the nose, closing up of the head occurs—start taking Grip Fix. This preparation contains Aspirin, Phenacetine, Quinine, Salol, Caffein, Citrate and Camphor Monobromate—drugs which any physician will say are the proper treatment for colds. So effective is it that Grip Fix relieves a cold in a night and a case of Grippe in 48 hours. This statement is made on a merchandising experience of over 10 years during which the preparation was used all over the country.

Get a box of Grip Fix tonight and take it home. Then, when colds come, a reliable treatment is at hand. Be sure and get the genuine Reid's Grip Fix as there are no substitutes which do as effective work. It sells at 35 cents per box and can be obtained at any drug store.

Three million dollars for a phonograph!

That's what it cost to perfect the only instrument that RE-CREATES music so faithfully that no one can tell whether it is the living artist he hears or the phonograph—when one is heard in direct comparison with the other. Add to that three million dollars, Thomas A. Edison's genius, his vast knowledge and his indomitable will and you realize how much was required to make

The NEW EDISON "The Phonograph with a Soul"

"Now go ahead and build replicas," said Mr. Edison to his staff when he had finally achieved an instrument which would meet the tone test. "Call it the Official Laboratory Model and uphold the standards I have set to the last detail."

This three million dollar Phonograph is on display here—come in and hear it.

Ask for a copy of the beautiful book "Edison and Music" and the booklet "What the Critics Say" which proves Edison superiority.

Charles W. Teetzel, - Prince Rupert
