

BIG CONVENTION AT VANCOUVER

Mining Men From All Over West Will be Present This Week.

A. C. Garde who sailed for the south last night to attend the mining convention at Vancouver, takes with him some very fine samples of Anyox and Stewart ores, to show to the big assemblage of mining experts.

A comprehensive program has been prepared, including papers on the Dolly Varden and on the Stewart District, as follows:

Wednesday, 9:30 a. m.—Speech of welcome, Mayor Gale of Vancouver.

9:40—Business session.
12:30—Get-together luncheon.
2 p. m.—Chairman, Geo. Wilkinson, Victoria. Future of coal in Alberta, O. E. Whiteside, Coleman, Alberta. The Cassidy Coal Mine, V. L. E. G. Wilson, Cassidy, B. C. Future of coal in Washington, H. N. Freeman, Black Diamond, Washington.

Thursday, 9:30 a. m.—Chairman, E. E. Campbell, Anyox, B. C. Dolly Varden mine, by Major Angus Davis, general manager. Hydrometallurgy of Copper Sulphides, William E. Greenswalt, Denver, Col. Concentration of Copper Ores, E. P. Mathewson, New York City. New Methods of Hydrometallurgy in Gold and Silver, N. N. Freeman, Vancouver. Taxation of Gold Mines, Frederick Bradshaw, San Francisco, Cal.
12:30 p. m.—Complimentary luncheon, Hotel Vancouver by Kawani Club.

2 p. m.—Chairman, R. C. Wallace, Les Pts, Montana. Geological Methods as Applied at Butte, Mont., Paul Billingsley, Seattle. Some Interesting Geological Problems, D. C. Bard, Seattle. The New Mineral Deposits of the Stewart District, E. E. Campbell, Anyox, B. C.

Evening, 8:30—Smoker.
Friday, 9:30 a. m.—Chairman, S. S. Fowler, Riondell, B. C. Platinium in B. C., R. W. Uglow, Vancouver. Making of a Matte Smelter Reverberatory, H. N. Thompson, Vancouver. Relations which should exist between Governments and the Mining Industry, R. W. Brock, Vancouver.

12:30 p. m.—Complimentary luncheon, Hotel Vancouver, by Vancouver Board of Trade.

2 p. m.—Chairman John Allen, Edmonton, Alberta. Iron and Steel Industry in Western Canada, F. W. Gray, Montreal. Unionization of Technical Men, J. M. Turnbull, Vancouver.

7:15—Banquet.
Saturday—Trip to Nanaimo and Cassidy mines, chairman, W. M. Brewer; trip to Britannia mill and mine, chairman E. A. Haggen; trip to Clayburn.

Sport Briefs

Boxing in both America and Europe is expected to have a very active winter. Greater interest is being taken in the manly art and it seems to have more public sympathy than it has enjoyed for some years. No doubt the influence of the war and the favor boxing was given by army men has a lot to do with the popularity it is gaining constantly. There are also many influences at work to clean up the game and abolish the so-called straight prize fights.

A new Pacific coast bowling record was set up by A. B. Klein at San Diego when he rolled the score of 275. The former record was 262, held by E. L. Longstitch of Sacramento.

Billy Haack, a Memphis boxing promoter, has offered a purse of \$12,000 for a bout between Jimmie Wilde and Pat Moore at Memphis. Moore has accepted and word from Wilde, who is the present flyweight champion, is being awaited. It is understood that Wilde wants a bout with Moore and the probability is that this offer will be accepted.

Eddie Hearne, of Los Angeles, has made a new 100-mile dirt track automobile record. At the Arizona Fair grounds in Phoenix, on November 8, Hearne made the century circle in 89 minutes and 9 seconds. The previous record was made in 1914 by Tom Alley, of Minnesota. His time was 91 minutes and 30 seconds.

Two-color window cards take the eye quickly. See them at the News Job Department.

GOOD YEAR

MADE IN CANADA

EXTRA POWER BELTING

You can find no safer guide in selecting your belting equipment than the experience of others.

In over one thousand of Canada's plants Good-year Extra Power Belting is being used with marked success. Scores of these have written us telling of their experience with Extra Power Belting.

Read this letter from The Dominion Steel Products Co., Limited, of Brantford, a concern noted for its progressive methods. It tells of a belting experience which must impress you.

Price was a minor factor with Dominion Steel Products, but on this alone they made a saving of \$4,000.

Length of service, general efficiency, continuous operation and power saving were the determining factors in their decision to use only Extra Power Belting in their plant.

It may be that your plant is much smaller; that your saving would only be \$400, but even this plus the greater efficiency of Extra Power Belting is too important for you to disregard.

You can easily prove to your own satisfaction that Extra Power would serve you as faithfully as it has the Dominion Steel Products Co.

Phone, wire or write our nearest branch, so that a man carefully trained in belting problems by Goodyear may call on you and present further evidence of the superiority of Extra Power Belting. No obligation other than fair investigation.

THE GOODYEAR TIRE & RUBBER CO. OF CANADA, LIMITED

Branches—Halifax, St. John, Quebec, Montreal, Ottawa, Toronto, Hamilton, London, Winnipeg, Regina, Saskatoon, Edmonton, Calgary, Vancouver. Service Stocks in smaller cities.

ENGINEERS AND MANUFACTURERS
BRANTFORD, CANADA.
October 30th, 1919.

The Goodyear Tire & Rubber Co. of Canada, Limited, TORONTO, ONTARIO.

Gentlemen: Our experience with your extra power belting has been so extremely satisfactory that we feel sure you will want to hear about it.

When we opened our steel plant in 1917, the question of belting was an important one. We had to have reliable belts. So we bought some of every kind of belt offered us. We tested them. Extra Power was so superior to the others that finally we specified it exclusively. Now, every belt in the entire plant with one exception is Extra Power.

So far we have purchased over 10,000 feet of your Extra Power belting. We figure that the next best belt would have cost us close to \$4000 more in the first place - and would not have given us such good service.

Most of the Extra Power belts in our plant have been in use for over two years. Little signs of wear on any of them. In fact practically all the original Extra Power belts are in use still, excepting one or two such severe cases as we had on our 3' shafts.

You can gather from this just what we think of Goodyear Extra Power Belting.

Yours very truly,
Chas. W. Langman
Superintendent.
