#### SUMMER SPORTS SOON

It is very satisfactory to the local fans to know that there is a prospect of some good baseball in the city during the coming summer. This game is the most popular local sport being contests for other active shut out the Pittsburg Pirates in and if the games are closely contested a gate can be depended on.

Football seems more in doubt but with the Regiment Mrs. S. P. McMordie, honorary erican League was in 1922. club meeting this week it is possible that some other clubs vice-president. may follow suit and make an effort to put an eleven in the

Cricket and lacrosse never had much chance here owing to lack of suitable grounds.

Tennis promises to be as popular as ever. The young people of the city, boys and girls, have taken to this game better than any other and the result is that there are a number of young players coming along well. The rebuilding of two local courts, one at Acropolis Hill by the Prince Rupert Tennis Club and the other at the High School, built by the students and teaching staff with the aid of some friends and slight help from the school board, will have a good effect in keeping up interest in the game.

Swimming should engage the attention of all young people. As a sport it is unexcelled and it is a great thing for the young people to learn to swim as a measure of protection to themselves and friends.

Softball is already engaging attention in various parts of the city and there is a new bowling green built by the Canadian National Recreation Association which may be used later.

On the whole, Prince Rupert young people are fairly well provided with summer sports and all that is needed is good weather during the season.

### PEACE RIVER CROPS

Already this year the Peace River district has shipped to market practically ten million bushels of grain, approximately the same amount as was sent out the previous year. This was in a season when crops almost throughout Clarence Chamberlin, noted transthe prairie country were a failure.

A country that produces like that cannot well be ignored in the matter of transportation. The western outlet is sure to qualify for his pilot's license. to come soon and Prince Rupert will benefit from it no it seems he permitted his license matter which route it takes.
