hat that is such a big feature of the they are back. early Paris openings. They are worn

flowers, feathers, ribbons. The color favorites.

straws used are soft ballibuntls, bakus, milans, panamalac and the new paper straws.

Blouse on Top After several seasons of being

makes even our favorite winter reappears in several smart new sink lassitude lays its laden length. There is the surplice blouse hand upon us. But there is a real which ends at the waist in a sidephysical and psychological, regen- tied sash. Schiaparelli introduced it eration in a new spring outfit. . . . it is particularly chic in plaids That is why I am advising you to and Paisleys. The waistcoat type buy yours early. Then, instead of . . . double-breasted in style and having to do some hurried shop- buttoned . . . lends-itself to various ping when the first warm days fabrics . . . silk and cotton piques, come......you will be ready to dash plaid taffetas, ginghams, the newer out in a smart new costume and striped silks as well as knitted fabeffectively put old spring fever to rics. Brief peplums distinguish another type of overblouse . . . a wide fitting waistband another. Blouses An infinitesimal fraction of a such as these make several smart crown-plus a brim of fair propor- costumes grow where one grew betions . . . the result is the mushroom fore . . . and I find myself very glad

Happy Medium

. . . unlike the mushrooms of the Avoiding extremes of mannish earlier era . . . away back on the and feminine, the 1931 spring sports head. The brims are as varied as it fashions are a joy to any woman's is possible to imagine . . . regular, heart. Gone is the very tailored suit irregular, pleated, wide on one side of mannish fabric, with its severe afraid, render them little aid. You and practically a minus quantity on blouse. Gone, too, are the fussy the other, the same width on both sports frocks of last season. Softsides . . . or any other deviation the ness tempers severity with a very designers could imagine. They call flattering result. So you may wear for a great deal of acumen in selec- a tailored suit . . . but it is well to tion, however . . . or they are apt to choose a very feminine blouse. The be trying to wear. lines of your sports frocks must be Watteau type hats are also in the kept simple . . . but you can use a spring picture. They are tipped to wealth of intricate detailing. Thin show a great dea! of the hair . . . woolens and printed checked silks and are developed in not only after- are smart for spectator and active noon and evening hats . . . but also sports . . . yellow is the favored color, in tailored models. They call for alone or used in combination. Gray, trimmings, as do most of the spring cinnamon, dark brown and green, hats . . . and so we have the use of navy and black with pastels are the

Hon. Lewis Smith

A SHIPQWNER and a farmer of many years' experience, Hon. Lewis Smith, Minister of Agriculture for New Brunswick, is one of the outstanding producers of his Province. His interest in the World's Grain Exhibition and Conference, Regina, 1932, is demonstrated as chairman of the Provincial Committee of New Brunswick.

Mr. Smith was born at Lower Coverdale, Albert County, New Brunswick, fifty-one years ago. He was educated at the grammar school of Albert County and later attended the Ontario Business College at Belleville, where he received a commercial training.

For ten years he was a member of the County Council of Albert County and in 1927 was elected to the New Brunswick Legislature as representative of his native county. At each of the general elections since that time Mr. Smith has received the confidence of the electors and joined the New Brunswick Government as Minister of Agriculture in 1925.

LETTER BOX

ICHABOD! ICHABOD! ICHABOD!

Editor, Daily News:-

I read the edition of your paper of even date, with more than passing interest, and realizing the unique position you hold in this community, it would appear to be regrettable, should you use that posi- will cost \$9,000. \$6.00 tion without permitting yourself to be subject to criticism, and there-

40 become a minor critic. 11 It is with amazement, mingled the passengers were a number of \$39,706,400 in all Canada. 25 with regret, that I note, that the members of the crews of the Yu-15 implement at your disposal, should, kon & White Paranara All is now quiet in the strike si- The closer a man is the more during the absence of Mayor Orme with remarkable continuity, sponsor going north for the season. the cause of decadent and dying capitalistic concerns, operating in this city and district. Your all too apparent choice of language in your editorials, and your selection of news items, in no wise tends to promote pacific relations between local capital and labor.

Your edition of April 7 runs entirely true to form, and I find as a front page item of news, that a whole salmon can be bought in Regina markets for 25 cents, which I accept as potentially true, but for the benefit of the public who read this, without an internal knowledge of the industry, I would state that the salmon referred to is a plain Humpback (trade name Pink), certainly a nutritious fish, but that the fisherman, who produced the same, received the munificent sum of five cents, which probably you, Mr. Editor, will concede to leave an ample margin of profit for succeeding ven-

While I am in no way actively concerned in the new venture of the halibut fishermen, I heartily commend their collective effort, which action in itself demonstrates dissatisfaction in the past system, and would remark en passant, that the squeal which arises is merely indicative that someone other than the fishermen are apt to be hurt. The fishermen rightly or wrongly feel that they are being subjected to undue criticism, subterfuge and sabotage, which incidentally simply assures them that they are on the right tack. May the boys stay with their end of the bargain, until it is proven a failure, and have the wisdom and initiative, when this comes to pass, to market their own fish,

themselves. Your apparent concern re. the fate of established buyers of this city and district cuts little ice, and your expressed desire for the stability of these concerns will I am lack, it appears, the knowledge that there is no such thing as permanence and stability in policies or institutions, which must of necessity have their day and cease to be, and while it may be conceded, with as much kindliness as is warranted. that the Cold Storage has been of some material assistance to this city, yet there is no need to adorn the city by means of the press with the customary crepe, at the imminent decease of that philanthropic

It would appear to the writer that the word "Ichabod" might well be carved over the portals of many of the concerns you champion, and should the Daily News desire to escape a like appellation, it would be well for it, and its editor, to scan the horizon, and obtain a new per-

The future of this city and country is wrapped up in the welfare of its citizens, and not in the life or death of any marketing machinery. The fishermen of this town believe that the old day is done, and, having cut the Gordian knot, they are well aware that, to permit themselves to be reshackled by the old concerns, would mean that their final state would be worse than the former. From an analysis of the past, the fishermen realize that they have nothing to lose, and a glorious opportunity for emancipation. May they carry on!

This is written as a private citizen, and not as representing any organization.

Yours sincerely,

CHARLES LORD.

Was Weak and Run Down Could Scarcely Do Housework

Mrs. Edward A. Allen, Bezanson, Alta., writes, would like to tell you of the great benefit I have received from your Milburn's Heart and Nerve Pills. I was feeling very much run down in health, and was so weak I could scarcely de my housework, in fact, I would have to lie down in the afternoon for an hour or so. I saw your Pills in the drug store and took a box home with me, and I was delighted with my renewed strength I have recommended them to a neighbor and feel sure they will help her too."

Sold by all drug and general stores, or mailed direct on receipt of price by The To

OIKERUSIA to Meet Today's Motoring Needs

Motorists today drive faster and harder—they pile up bigger mileage than ever before.

Out of this strenuous motoring age has come the modern Dominion Tire-with greater strength and greater endurance. Stronger to resist wear. Stronger to free you from tire trouble. Stronger to ensure greater safety. Stronger to give extra mileage-

Actually 18 per cent stronger than any other! That's Dominion Royal quality!

The moment you see this new-day tire, you read greater strength in its rugged beauty. You sense it in the husky deep-notched tread. You see it in the buttressed side walls.

Tread and side walls are things you can see. Yet they tell only part of the story. Beneath the tread ... developed by exclusive manufacturing processes, lies the strongest tire carcass known. Buy Dominion quality.
