BUFFALO FOR

Mrs. Emily Crawford, Fort St. John Will Carry Out Experiments

VICTORIA, May 30:-British Columbia's first herd of catalloes, half cattle, half buffalo, are expected to result from the shipment of a young buffalo bull from Beacon Hill Park here to the Peace River district. This animal is being presented by the city authorities to Mrs. Emily L. Crawford, pioneer rancher Fort St. John, for crossing with her cattle. He will be the first buffalo liberated in this province outside a park, the department of agriculture here understands.

Catalloes have been bred Banff and used for beef but their production has never been attempted on a commercial scale before It is believed that they will make excellent beef animals in the Peace River country and will not feel the cold of winter there as keenly as Watun Kiver ordinary cattle.

The buffalo bull to be shipped to Mrs. Crawford has the distinction of being the only one ever born on Vancouver Island. He has become Miss Ethel Ormbrah Becomes Bride too ambitious lately and has taken to attacking his aged father. The parks authorities are glad to get rid of him before he does any real harm in the family.

SPORT CHAT

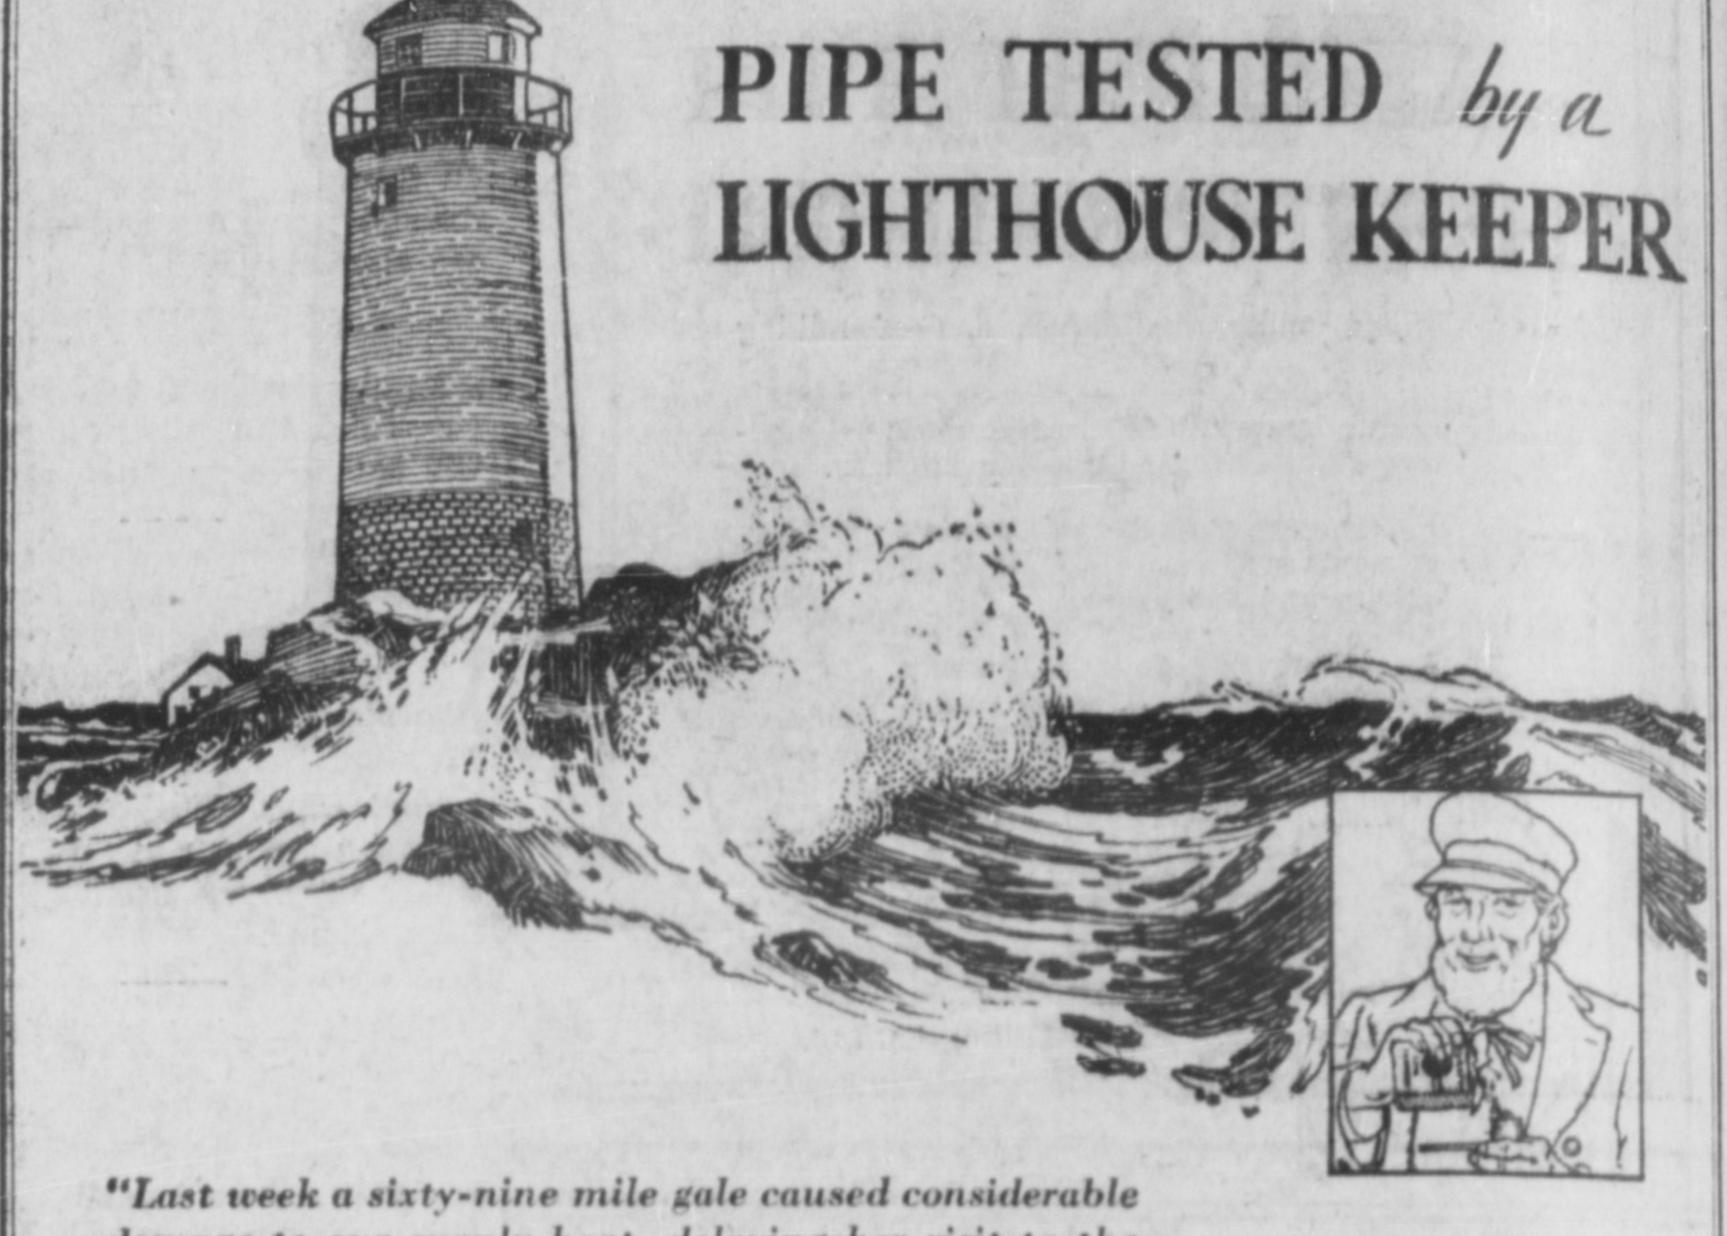

The game last evening between the Regiment and the Legion foo :ball teams was well worth seeing and, if the teams can put up sin. ilar displays for the season, football is assured of a successful year. Next Tuesday evening the Merchants' team is due to meet the Le gion. With the veteran Sam Girrie in charge of the Merchants' team there is every prospect of this being quite equal to the other teams. In goal there is a choice of Spiro Gurvich or Vic Menzies. Both of them are good. Styles is slated for one of the backs and Douglas the other. The latter is a newcomer from Scotland and his form will be watched with inte "est. Sam himself will hold down the centrehalf position. George Michell and George Hill are the wing halves so there will be no weakness there. The forward line promises to be the best in town but fortunately for the other teams promises, particularly in football, are not always fulfilled. The three Dickens brothers are all clever. With Jim McKay and Chenoski to complete this line, opposing defences will be well tried out.
