Handling of Salmon by Fishermen is Again Under Discussion-No Announcement

Means by which the fishermen may handle their own salmon are under discussion again at a general meeting today in the Metropole Hall of the Prince Rupert Fishermen's Co-operative Association. The meeting is open only to members of the association. Gustave Norman, president of the association, is in the chair and about forty members were present this morning with even a larger gathering this afternoon.

Officials, after the morning session, had no announcement to make as to the progress of deliberations. The meeting adjourned for the lunch hour and is in session again this afternoon.
