Are your glasses up-to-date?

Horse and buggy glasses do not look well in a motorized age. There is style in glasses just as there is style in clothing or in anything else.

But there is a particular reason for the styles of modern glasses; they are designed to give greater comfort to correct facial defects and to enhance beauty. Let us bring your glasses up-to-date.

Junior-Japanese, 9; League of Nations, 14.

The game last night between C. N.R. and Panthers was probably one of the best senior basketbad games that has been staged here for some time. It was a tough game for the Trainmen to lose for during to the first half, they played brilliant basketball, finishing the half ahead 15-10. Their team play was excellent, and they flashed an exhibition of passing and coreerted effort that was perfect. Possibly there has never been a better brand of basketball in senior games in the city in recent years. The whole team was co-ordinating beautifully and though the Panthers were working hard and flashing at times, their play was not as consistent, and their team play was marred by too much individual effort and long shooting that kept losing them possession of the ball. All through the game th play was clean and fast.

During the second half the fanwere treated to one of those rac inexplicable reversals that come Word has been received in the in every game, and which adds the gageman, suffered serious injuries shooting that knocked down the and half, with first one team he lead, and then the other These two players. Kelsey and Mc-Nulty, simply ran wild, throwing 'n shots from the most impossib! and unexpected angles. Such skill no good fortune combined canno e emplained, but it gave the Pan hers renewed courage. They cam o life, played toe-to-toe with t' Trainmen, holding their lead a buling the game out of the fir were lucky to win to the tune 18-25. However, the Trainmen, posibly a bit over-confident missed in enormous number of shots hat second half. If Dan Morrison flone had sunk one-quarter of hi attempts, the C.N.R. would have won by an easy and comfortabl margin, For C.N.R. no one player was outstanding, all continuing an effort that was a treat to witness, though Walter Johnson found his shooting eye and banged in ten good points. Kelsey were the backbone of tha

### 21-Count 'Em-Perch on Ford Body

The strength of the Ford steel body was strikingly demonstrated in this photograph caught by a news cameraman during the recent American Legion convention in Detroit. Twenty-one persons perched on this Ford coupe to view the parade. Thirteen are on the top of the body, one each on the right fender, hood and cowl, two on the rear deck and one each on the left running board, left rear fender and spare tire. Van you count them?
