The Gift Appreciated Later That Little Boy or Girl ø of Yours.

Your laughing little boy or girl in a few years will be a serious man or woman. A very small sacrifice will nelp greatly to make the pathway more smooth that they must tread. If, for example, you are 40 years of age your child 10 years, a saving of less than \$1.00 per working day would give the child an income of \$40.00 per month for life even were you to leave tomorrow. Larger or smaller sums in proportion.

We can issue Policies on the Endowment Pian between the ages one and fifteen years. Why not one of these as a Christmas gift for your boy or girl. Success or failureanxiety or happiness-so much in years to come may depend upon the possession of even a comparatively small income.

Let us explain more fully the "Childs' Endowment and Income Policies" to you.
