MERCHANTS WIN CUP

Defeated Canadian Legion Last Night For Third Straight Soccer Win

Merchants, by beating the Legion by three clear goals, won their third straight game in the Gilhuly Cup Football competition last evening and thereby won their first trophy of the season.

The Legion had the advantage of sun and hill and, after S. Dickens had shot past, they attacked with W. Currie dropping a couple of high shots that might have been successful with the sun in Menzies' eyes but the Merchants' goalie was safe. The Merchants forwards combined nicely but Skinner cleared. Smith saved deftly from S. Dickens and then Legion forced corners that Bussanich took well but they were cleared. Menzies was very lucky to clear from Hadden's header. Following a splendid clearance from S. Dickens at full length, Smith was beaten when the ball was crossed back into goal and S. Dickens beat him from a very evident offside position. Later a doubtful penalty against Murray was converted by A. Dickens to give the Merchants a two-goal lead. Hadden again went very close following a free kick taken by Woodside but the Legion had no good luck.

The Merchants had the better of the opening exchanges in the second half but Legion defence was safe and Hadden and Hodgkinson got away. Menzies clearing from Bussanich. Jack was clever in defence but Amor beat him and gave McKay a lovely chance in the goal mouth for the latter to miss. Play became ragged with the players getting out of hand, Woodside being the worst offender and inviting retaliation when the referee did not check him up. Then Douglas and Skinner did some big kicking into touch which did not help the game. The Merchants were shooting most and Skinner handled in the penalty area. H. Dickens scoring from the resulting penalty. F. Hodgkinson crossed a beauty that Menzies did well to clear and then a claim for a penalty against Douglas was refused. W. Murray headed past and J. Currie had hard luck in not scoring. Full time found the Merchants winning by three goals to nil.

Legion—J. Smith; Skinner, Jack; W. Murray, W. Murray, Woodside; F. Hodgkinson, Parmenter, J. Currie, Hadden, Bussanich. Merchants—Menzies; A. Hardy, Douglas; Hill, S. Currie, G. Mitchell; Amor, H. Dickens, A. Dickens, McKay, S. Dickens. Referee, Barton; linesmen, A. Clapperton, C. Barker.

STATION WINNER

Offices Defeated 6 to 4 in Canadian National Softball League Last Night

Station defeated Offices by a score of 6 to 4 in a regular Canadian National Recreation League softball fixture last night. The game was fast and both teams played excellent ball.

Station held the Offices scoreless for the first six innings while collecting their six runs but in the last two innings Offices managed to bring in four runs, giving a final score of 6 to 4.

Hibbard and Nelson were best for the Offices while Stiles and Astori excelled for the Station. Batteries were: Station—Tobey and Skattee; Offices—Boulter and Geddes. The next league fixture will be on Tuesday night next between Station and Round House. A game will be played tonight between Biological Station team and the C.N.R.A.

PLANE IS KEPT BUSY

Returns From Trip Down Coast With Dr. Mandy and Leaves For Wreck on Islands

After making sixteen inspections along the coast south of here and covering a great deal of territory during eight hours of actual flying, Dr. Joseph T. Mandy, resident mining engineer, was back in the city at 10:30 this morning aboard the Moth seaplane of the Northern B. C. Airways piloted by D. Murphy. Dr. Mandy was highly pleased with the much greater efficiency made possible by plane travel as compared with boat travel. The plane would have been back sooner but was held up by unfavorable flying weather.

About an hour after returning with Dr. Mandy, the plane was in the air again, leaving for Massett Inlet with Capt. W. P. Armour on board. The manager of the Pacific Salvage Co. here is to investigate salvage possibilities in connection with the local halibut boat Emblem 1, owned by Peter Bruno of this city, which has been burned to the water's edge on the islands.

Try Turret pipe tobacco. Notice what a difference in taste and fragrance the careful blending of selected tobaccos makes.

EXPORT OF LOGS HERE

whole of Central British Columbia will suffer. Relaxation of regulations against log export offers the readiest means of relief. Dire necessity of the inhabitants overweighs in the present emergency the standard arguments against export of raw logs.

Boat to China
Prompt action by the government will enable Prince Rupert to take advantage of a monthly boat service to Japan and China, carrying mixed cargoes of fish, wheat and logs.

The permission asked is not unlimited in scope. It would apply only to hemlock and cedar. There is a surplus of the former even in southern British Columbia. There is no market for either in the north. The cedar is of a grade that it is unprofitable to ship to the southern British Columbia mills. But a market for both grades has been found in the Orient.

The interior settlers wish to be allowed to ship their light spruce in cord-wood shape to the pulp mills of New England, where market awaits them. No depletion of resources is involved, since the rate of growth is greater than any reasonably regulated cut.

Government regulations, proper enough in normal times, stand in the way of Northern British Columbia seizing these opportunities to earn a livelihood. When other industries return to normal activity, the regulations can gradually be tightened again.

The only issue before the government is whether to save people or logs. That issue should be met at once.
