Clung to Wreckage After Plane Crashed on Monday Last—Are Transferred from Motorship to Steamer

S.S. STAVANGERFJORD, Sept. 22.—Wily Rody and Christian Johannsen, Germans, and Fernando Costa Viga, Portuguese, trans-Atlantic airmen who were rescued yesterday off the coast of Newfoundland by the motorship Belmoira after having spent six days adrift in the wreckage of their Junkers plane, which crashed on the ocean last Monday in the course of a Lisbon to New York flight, were transferred to this Norwegian-American Line steamer today. The three airmen, who had been practically given up for dead, will arrive in New York Friday.

Recent Developments in Mining In Bulkley Valley District; Has Some Promising Gold Properties

By L. S. MCGILL, Smithers

No evidence has been seen in this district of the supposed demand for gold prospects which has been proclaimed by some newspapers with a great "bally-hoo." Although the placer mining districts remote from the railway have been receiving more attention than in some years no interest whatever has been shown in the fine gold prospects immediately adjoining rail and road transportation in the Bulkley Valley District.

His Birthday Was Honored

Surprise Party Last Night for O. A. Johnson, Well Known Pioneer

A pleasant surprise party took place last evening at the home of Mr. and Mrs. O. A. Johnson, Seventh Avenue East, when twenty-four friends took possession of the house to wish Mr. Johnson many happy returns on the occasion of his fiftieth birthday. Congratulations on the event came over radio station KJR of Seattle with a request that "Swedish Wedding Bells be played for the occasion.

This Plane's Wings Can Be Extended

Believe it or not, this plane has wings which can be extended or contracted at will. Device is invention of M. Makonine, a Russian. Wings may be compared to a telescope. Ship travels at a speed of about 100 miles per hour.

CHIEF OF POLICE BINGHAM RESIGNS

VANCOUVER, Sept. 22.—Chief of Police W. J. Bingham tendered his resignation to the board of police commissioners yesterday and it was accepted effective immediately.

No reason was given for Chief Bingham's resignation other than that it was voluntary. Detective George McLaughlin, long the storm center of the force, also retired.

MINISTER COMPLAINS

Hinchliffe Says Some School Districts Are Not Playing Game With Department

CHILLIWACK, Sept. 22.—Declaring that some of the school districts of British Columbia are not playing the game with the government and that, if he were to enforce the law to the letter, there would be a considerable reduction in the cost of education in the province, Hon. Joshua Hinchliffe, minister of education, last night defended his department before the British Columbia School Trustees' Convention here.

CROP ALL CUT NOW

Ideal Weather Has Prevailed for Harvest in Peace River This Year

FORT ST. JOHN, Sept. 22.—Crops in this district are now practically all cut. Ideal harvest weather has prevailed. Threshing has started in several cases although few can afford to have grain threshed.

VANCOUVER, Sept. 22.—Having concluded a tour of the province, including the Peace River Block, T. D. Pattullo, provincial Liberal leader, will address a meeting in the Hotel Vancouver on Thursday night of this week. He will discuss unemployment, taxation and kindred matters.

Mr. Pattullo passed through Vancouver a few days ago en route to Victoria. He reported very keen interest on the part of the public in political and economic affairs at all points visited.

THRESHING IS DELAYED

Rain in Pouce Coupe District Followed by Touch of Frost

POUCE COUPE, Sept. 22.—Rainy weather held up threshing for a few days in this district and light frosts hit the more tender garden stuff but has not done any damage to the crops. Yields are as good as was expected and in some parts

Party in Edmonton After Trip to Tropical Valley of North British Columbia

EDMONTON, Sept. 22.—Back from a 1000-mile trip to the "Mystery Spot" of Northern British Columbia, Dr. A. N. Norman Henry and party of Philadelphia brought word here of having explored the "Tropical Valley." They found it three-quarters of a mile in length and honeycombed with boiling hot springs. In some places the water is too hot for human beings. Indians said that, in a temperature of fifty degrees below zero, water did not freeze.

The valley is at the mountains near the junction of Racing and Toad Rivers, 400 miles northeast of Fort St. John.

Fiscal Legislation Is Approved By Both Houses In One Day

Government and Opposition Benches in Commons Are as One in Agreeing Upon Need for United Action at Once.

LONDON, Sept. 22.—Parliament yesterday approved the cabinet's legislation providing for the suspension of the gold standard, passing the bill through all stages in both houses in the single day. Both government and opposition front benches in the House of Commons were as one in agreeing upon the need for united action at once to avoid the impending crisis.

Former Local Man Has Died

Henry Grindley, for Years Chief Engineer of Trawler Here, Passes Away in California

Friends in the city will learn with regret of the death at the home of his daughter, Mrs. Mary Green, of Oakland, California, on September 3, of Henry V. Grindley, former chief engineer on the Canadian Fish & Cold Storage Co.'s steam trawler James Carruthers, and a resident of Prince Rupert for a number of years. The late Mr. Grindley, who had followed the engineering profession in California for several years since leaving Prince Rupert, underwent an operation two years ago since that time had never enjoyed his normal health. The funeral took place on September 10 in Oakland.

Besides the daughter in Oakland, Mr. Grindley is survived by his widow and another daughter, residing in Washington, and a son in Kansas.

WORK NOW STARTING

Authorization Received for Relief Camps Near Terrace

TERRACE, Sept. 22.—Word was received in Terrace on Saturday that consent has been given by the provincial government for the opening of relief camps at Usk, Cedarvale and Kitwanga, each camp to accommodate 120 men and to be engaged on the work of bridging the distance between the transcontinental highway at Usk and at Kitwanga and on to Skeena Crossing.

The lumber for these camps is to be shipped from Terrace on next Thursday's freight, and construction work will begin on Friday, the clearing work being got under way on Monday.

This is the only relief work authorized in this district so far and it is more than welcome, as numbers of men have been out of employment for a considerable time.

SAILING ON PR. HENRY

Big Passenger List Assured For Vancouver-Halifax Cruise

VANCOUVER, Sept. 22.—With receipt today of a reservation for J. Robertson of Halifax, coast-to-coast representation is assured for the 23-day cruise of the Canadian National steamship Prince Henry from Vancouver to Halifax. Several bookings from the three prairie provinces have already been received while parties from Montreal and Toronto have also announced their intentions of being aboard the steamer when she leaves this port on November 21.

The well-planned itinerary for the cruise has drawn many inquiries from Pacific coast points in the United States and it is probable that a number of passengers from San Francisco and Los Angeles will be included.

The ship will call at Manzanillo, Mexico, pass through the Panama Canal and touch Havana and Bermuda before she completes the cruise at Halifax on December 13.
