BULKLEY VALLEY COAL

The Better Coal

In buying Bulkley Valley Coal: You get the highest grade coal on this market; you keep your fuel dollar in your own section of the province; you help solve the local unemployment situation; you help develop a basic industry in Central British Columbia. In ordering insist on Bulkley Valley Coal.

New Carrier Collection System

In view of the depression and to make it as easy as possible for people to pay, the Daily News is to be sold on a weekly basis, payable in advance.

The delivery boy will collect each Friday evening for the week following. He buys the papers and sells them to the customers, so there will be no credit given. The boy cannot afford it. Please do not ask him to return for the weekly payment. Have it ready for him.

Customers now in arrears will pay the amount owing at the office, but this will have nothing to do with the regular collections made by the boy. He will be doing business on his own, and if he does not make his own collections will not deliver the paper.

Those paid in advance will continue to receive the paper until the subscription expires. Any wishing to continue the yearly payments may do so, and we pay the boy.

The price of the paper will be 10c a week, payable strictly in advance. That means six papers for ten cents.

It will take a few weeks to get the new system running smoothly, and in the meantime we ask for the co-operation of the readers of the paper. The routes not going on the new system this week will do so just as soon as the lists are made up and the boys properly instructed. Help the boys to set up in business for themselves!

HORSE FILM INTERESTING

"Sporting Blood" Very Appealing Film—Clark Gable and Ernest Torrence Star

If anything can vie with "human" interest it is "horse" interest. That is why "Sporting Blood," current offering at the Capitol Theatre, is a very appealing picture. It is one of the first horse stories that has been ever produced, and anyone who likes films of this kind should not miss "Sporting Blood."

The picture is also replete with drama, while exciting horse race scenes lend plenty of thrills.

While Clark Gable, the villain of "Dance, Fools, Dance," and "A Free Soul," is named the star, the well known Ernest Torrence has a role of equal importance. Madge Evans is a delightful leading lady. The cast, otherwise, is a well balanced one.

NEWS OF THE MINES AROUND PRINCE RUPERT

Concentrates From Big Missouri—Georgia River Awaits Financing—Ingenika Mine Closed Down

Over 100 tons of concentrates, averaging \$200 to the ton, have been sent from Big Missouri mine to the wharf at Stewart for shipment to the Trail smelter. The ore was loaded by the steamer Catala last night. The concentrates are the clean-up from the operations of the Big Missouri and do not represent regular production. The mill is closed for the present but it is understood that general mining development at the property will continue. The Big Missouri is under control of the Consolidated Mining & Smelting Co.

The Bulkley Valley coal mine, 7 miles from Telkwa, is increasing its output for the fall and winter trade. In addition to supplying local needs, a market is being found at Prince Rupert and Anyox and the Canadian National Railways.

Considerable machinery from the Dunwell mine at Stewart has been sold to the Bralorne Mines Ltd. In connection with the removal of the machinery, L. S. Davidson, of the Stewart Land Co., and representatives of the Bralorne visited Stewart last week.

The annual meeting of the Georgia River Gold Mines Ltd. was held recently in Vancouver. The report of the directors stated that no work had been carried out on the property on Portland Canal during the past season but that negotiations were going ahead for new financing which was expected to lead to a resumption of operations. The financial statement showed that expenditures on development were increased, from \$195,721.98 to \$214,158.95 during the period from June 1, 1930, to August 31, 1931. Current liabilities are shown as \$4,505.29 and consist of \$3,531.69 in open accounts and \$973.60 in wages.

H. P. Gibson of Stewart, one of the original owners of the Argentine property situated near the head of the south fork of Glacier Creek and now being developed by a syndicate headed by Clay Porter, visited the property last week and brought back to Stewart some very splendid samples taken from the face of the tunnel which the day of Mr. Gibson's visit broke into the ore for which Mr. Porter has been driving for some time at a depth of some 65 feet. Mr. Gibson expressed himself as being exceedingly pleased with progress being made and results obtained.

The Wilson-Trites interests, controlling the Ingenika mine in the northern interior of the province, are maintaining only two men at the mine this year, these being left there to take care of the property. Mr. Wilson Jr. is busy with some preliminary development of copper properties on the Finlay-Liard divide, using a plane to take in supplies.

Some interesting veins have been opened up in the course of the past season's development by the Excelsior Prospecting Syndicate on 28 claims near the head of American Creek in the Portland Canal district. C. M. Bryant, president of the syndicate, recently spent about a month on the properties.

Indians Jailed at Smithers for Stealing

Word has been received at divisional headquarters of the provincial police here that Paul Baptiste and Joe Seymour, Indians, have each been sentenced to thirty days' imprisonment by Stipendiary Magistrate R. L. Gale of Smithers for theft. Baptiste stole a watch chain and revolver, the property of Little Dennis, while Seymour took a ladies' watch and a rifle, also the property of Little Dennis.

High Trolling Boat of Island Fishing Fleet

It is reported in Prince Rupert that the Idaho II, Captain C. Nelson, is the high boat of the Queen Charlotte trolling fleet this year.

WELL KNOWN COUPLE WED

Mrs. Isabella Tait of Port Simpson Becomes Bride of Samuel Bennett

The marriage took place at 5 o'clock yesterday afternoon in First United Church, Rev. Alfred Wilson officiating, of Mrs. Isabella Tait and Samuel Bennett, both of Port Simpson. Mrs. M. I. Bacon was matron of honor while Louis Gosnell attended the groom.

After the ceremony, the bridal party and a large number of friends, repaired to the Boston Cafe where a wedding supper was served, after which several speakers referred to the esteem in which both bride and groom are held by the native people of Port Simpson and district.

Mr. Bennett has for many years been an active worker in the Methodist, and later the United, Church. Mrs. Bennett has been an equally valued worker in the Salvation Army. Friends of Mr. Bennett feel that the new partnership will tend to continue his usefulness in Christian service despite the handicap of failing sight.

Mr. and Mrs. Bennett will proceed shortly to Port Simpson where they will make their home.

Big Missouri Stock Weakens as Mill Shuts

The closing down of the mill on the property caused Big Missouri stock to drop to a new level at sixteen cents on the Vancouver Stock Exchange last week. There is uncertainty as to the future intentions of the Consolidated Mining & Smelting Co. in connection with the property.

Early returns for the federal election in Comox-Alberni give Duncan Ross, Liberal, a lead of 187 over H. S. Clements, the Conservative candidate. Canada swept Sir Wilfrid Laurier's government out of office on the reciprocity issue yesterday and the Conservative party is now assured of a majority of at least 42 seats in the House of Commons.
