CONCERT IS PRESENTED

Pupils of Booth Memorial School Give Entertainment

The Booth Memorial School Christmas concert was held in the auditorium yesterday afternoon in the presence of the scholars, Miss E. A. Mercer, principal, being chairman. The program included a very fine sketch, "Broken Toys" by the pupils of Grade 2. In this the part of the Fairy Queen was taken by Edith Ritchie, Santa Claus by Jack Carson and the mother by Helen Doctor. In addition, there were pretty fairies and elves as well as four "broken toys." An action song "French Dolls" was well acted and sweetly sung by pupils of Grade 1 with Betty Wilkinson, and Elsie Murvold taking the leading parts.

A stocking drill by the boys of Grades 3 and 4 and a pretty wand dance by the girls from the same divisions were good numbers. Pupils from Grades 5 and 6 staged a very colorful Indian play called the "Passing of the Red Men," with Beryl Birch making a typical chief, Tony Christianson a worthy son and Mairie Matheson a realistic Indian squaw. Pupils of Grades 7 and 8 sang the Christmas Carols, "Good King Wenceslas," in which solo parts were taken by Betty Ellison and Allan Kergin, and a dainty French carol "Bring a Torch, Jeanette, Isabella." Later in two humorous songs "The Owl and the Pussycat" and a dramatized version of "The Camel's Hump," with Bob Elkins and Allan Kergin the principal parts, the Senior grades again sang sweetly.

Choruses by the whole school included "Deck the Hall," "Good Christian Men, Rejoice" and "The First Noel." Miss E. P. Grassie was accompanist with Miss E. A. Mercer and Miss Phyllis Lamb assisting. The program began with the singing of "O Canada" and was concluded by the singing of the National Anthem.

Dr. Wood's The Children Catch Cold Easily
Mrs. Walter Miller, Notch Hill, B.C., writes—
"The climate here in the winter time is very changeable, and the children catch cold very easily.
I have always found that a few doses of Dr. Wood's Norway Pine Syrup will relieve them at once.
I have tried many other cough remedies, but, now, I always insist on 'Dr. Wood's', as I find it the most reliable, and the children like its pleasant taste."

Due to Twin-Power Detection

9 Tubes do the work of 11 Tubes

in the 1932
Majestic RADIO

From "the Perfect Quality Receiver" in the Science Museum at South Kensington, London, comes the principle of *Twin-Power Detection* found in the 1932 Majestic Superheterodynes.

Due to this principle, *nine* tubes do the work of *eleven* in these models. Two of them are the new "247" Pentode Tubes, each of which has the power output of two ordinary "245" tubes. These new Majestics have all the power and efficiency of an 11-tube set with the low cost of a 9-tube set.

BRENTWOOD MODEL
Jacobean Console with 9-tube Superheterodyne Chassis including Spray-Shield, Multi-Mu and Pentode Tubes. Twin Power Detection. Grand Opera Speaker. Complete with Rogers Guaranteed Tubes. **\$163**
