District News

NEW HAZELTON

Following several days of very hot weather immediately after which there were heavy rains, water in the Skeena and Bulkley Rivers rose recently to levels such as had not been known for forty years. Dwellers along the sides of the river were nervous for a while.

Many social affairs were held prior to the departure from Hazelton last week of Rev. and Mrs. T. H. Wright. A number of presentations were made to both.

Paul McMaster has again arrived from Vancouver to take charge of the construction of the new Hagwilget high level bridge which is being rushed to completion. The old high level bridge will be torn down as soon as the new one is completed.

H. E. Thornton, C. N. R. engineer, who has been in the Hazelton Hospital for some time, left last Monday for Vancouver, accompanied by his two sons, who have been at Telkwa.

Miss Frances Johnston of Victoria daughter of A. M. Johnston K.C. and Mrs. Johnston, and Dr. Leonard B. Wrinch of Hazelton were married in Victoria last Thursday. The happy couple will arrive in Hazelton early in July to take up residence.

SMITHERS

Judgment was given in favor of the plaintiff by Judge Robertson of Prince George in County Court here last week in a case in which Henry Motors were suing Frank Huber in connection with the sale of a car.

The Driftwood school held its annual picnic Saturday afternoon. The proceedings came to a close with a dance in the schoolhouse in the evening.

D. Doolittle headed Grade 10 examinations in the local high school. K. Powell came first in the annual tests for Grade 9.

Harry Bowman, Canadian National colonization representative with headquarters in Prince Rupert, is making a tour of inspection along the railway line to investigate settlement conditions and possibilities. Prospects for further settlement in the central interior are very bright, he declares.

C. W. Dawson has been in the Smithers district during the past week, fishing in the surrounding lakes with Frank Poe of Evanstown, Illinois.

PRINCE GEORGE

There are about 400 men finding employment on road work in this district, it is declared by Dr. R. W. Alward M.L.A. Of this force upwards of 250 men are employed on sections of the highway which has Tete Juane Cache as its objective.

W. M. Ferrier, district representative of the federal fisheries department, has completed the second seeding of the Cluculz and Six-Mile Lakes with Kamloops trout eggs. A total of 25,000 eggs was divided between the two watersheds.

The funeral of the late Al. Haggith, pioneer of Pineview, took place on Sunday last from Knox United Church, there being a very large attendance. The service was conducted by Rev. P. Connall and pallbearers were George B. Williams, J. O. Wilson, Robert Pooley, John Hediger, James Johnson and David Rumieau. Deceased served in France with the 67th Battalion. He died on Wednesday of last week.

A large contingent of Prince George school pupils visited Quesnel recently to take part in a big program of field sports. The Prince George pupils carried off the large majority of the day's honors.

How To Lose Fat and Get That Youthful Feeling

Over in Great Britain when a man is feeling "as fit as a fiddle" and looking the "picture of health" they say:

"HE'S GOT THAT KRUSCHEN FEELING."

That means he takes his little dose of Kruschen Salts every morning.

It's the same in the U.S.A.—in Germany—in Holland—in Australia—in South Africa, for Kruschen Salts are now sold the world over.

Kruschen Salts is not one salt only—it is the combination of six salts necessary to healthy life.

Take half a teaspoon in a glass of hot water before breakfast every morning, modify your diet and exercise regularly.

But don't miss a morning, for Kruschen not only puts and keeps the stomach, liver, kidneys and bowels in a splendid healthy condition, but purifies your blood-stream, and sends new life and activity to every part of your body.

Presbyterian Sunday School Picnic Success

That of the Sunday School of First Presbyterian Church was another of the numerous successful picnics to be held Saturday afternoon. There were no less than 160 children with teachers and parents in attendance and the afternoon's proceedings were fully enjoyed. There was a full program of races and sports in which much interest was taken. Ice cream and confections were dispensed in abundance and there were delicious refreshments.

In spite of the heavy showers on this side of the harbor, weather was fine on Digby Island for the picnic. The Pachena and "23" of the Pacific Salvage fleet were used to transport the picnickers to the picnic grounds and home again. All were safely back at 7 p.m.

Those in charge of the picnic were Rev. W. G. Hollingworth, John E. Davey, Robert Cameron and E. J. Smith. Assisting with the races were W. W. C. O'Neill, J. W. McKinley and H. M. Foote.

Christian Science Subject Yesterday

Jesus' Teaching Was Demonstration of Divine Love to Cast Out Error and Cure Sick

The subject of the lesson-sermon in all Christian Science churches and societies on Sunday was "Christian Science."

Among the Bible texts included in the lesson-sermon was the following from Matthew 9:35: "And Jesus went about all the cities and villages, teaching in their synagogues, and preaching the gospel of the kingdom, and healing every sickness and every disease among the people."

The lesson-sermon also included the reading of citations from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, one passage being as follows: "Christianity as Jesus taught it was not a creed, nor a system of ceremonies, nor a special gift from a ritualistic Jehovah; but it was the demonstration of divine love casting out error and healing the sick, not merely in the name of Christ, or Truth, but in demonstration of Truth, as must be the case in the cycles of divine light."
