STEWART

Complete arrangements have been made for a big Christmas entertainment here on December 27 followed by a dance for the grown-ups.

Cliff Baldwin has sold his block, the Baldwin Block, which he erected in the 1910 boom days, to Will Cameron and associates.

The Royal Northwest Mounted Police is to maintain a detachment of two or three members here during the winter and in the spring work is planned for a new barracks.

Teams are employed on the Premier road so that when ore shipments commence next month the high grade ore can be stowed out as fast as it can be removed.

When the bents in the bridge holding it up collapsed, the pile driver on the ore highway nearly plunged into the canal recently. The big frame with its engine and driver hung in a very precarious position for some time but by careful manipulation was finally brought back to safety.

Mallard ducks and geese abound on the mud flats near town at the present time and the fowl adorn many tables.

SMITHERS

A Delco lighting system which has been installed in Smithers has flooded the streets and buildings with the incandescent electric ray which has been missing for nearly a year's time.

At a well attended meeting in Telkwa and Smithers, Col. Peck, V. C. M. P., addressed the G. W. V. A. men on his stand on the gratuity question. He was given very sympathetic hearings at both places and at the former a vote of confidence was tendered him.

Last Sunday say one of the strongest windstorms in the history of the Bulkley Valley which was followed by more cold weather during last week.

Another good strike was made on the Hudson Bay Mountain last week by Donald C. Simpson on the Empire Group which belongs to him. The new strike runs to a value of \$250 in gold, silver and lead and is exciting a good deal more confidence in the famous mining district.

Hon. T. R. Heneage, assistant commissioner of the Boy Scouts in British Columbia, visited Smithers last week. He inspected the local patrol which is headed by Rev. W. S. A. Larter and expressed himself as well pleased with appearance and progress of the boys.

PRINCE GEORGE

The local Board of Trade is going to send ten delegates to the convention of Provincial Boards of Trade at Vancouver in February. They will recommend, among other things for Prince George, the earliest possible completion of the Pacific Great Eastern Railway connecting Prince George with Vancouver, the construction of an auto road between Vancouver and Prince George, the establishment of a land registry and provincial assessor's office at Prince George and the taxation of government lots within municipalities. The Board also is going after daily mail and passenger service on the railroads.

Charles Balagno, who recently arrived here from Prince Rupert to take over the leadership of the Rex Orchestra, is quickly shaping the aggregation into one of the finest musical organizations ever in town.

Moose are reported to be quite plentiful in the district this year. A settler coming to town the other day brought the report that he had seen a herd of seven of the big animals quite close to the trail. Many trophies of the chase have also been brought into town from the adjacent moose grounds.

Captain J. B. Daniell is in Toronto representing the Prince George Citizen at the annual convention of the Canadian Press Association.

How to Foil Wind and Weather on Washday

From now until spring a battle that endangers health must on washday be waged with rain and sleet.

That, or drying the washing in the cellar or attic, with its attendant inconvenience and sour smells.

Of course we can not order weather to our fancy, but if you would laugh at mud and water, save your health and keep your hands and face free from chapping and roughness, telephone us.

Next, bundle up your family washing and have our driver call for it.

In our laundry your things are initiated where the mark never shows. Everything is sorted, too—table linen is washed only with table linen, hosiery with hosiery. There is no indiscriminate mixing. And it is laundered in fleecy suds of silky softness.

The weather, and the hardship of fall and winter washing need never be a source of worry. Use your telephone and let us help you.
