Higher Prices For Halibut During Past Week—Bird Hunting Season Starting—Local Airplane Ready for Service Again

Highest prices of the season for halibut were recorded at Prince Rupert during the week just ended. Canadian prices reached a high mark of 11.5c and 3c which the Vera Beatrice received for 4,500 pounds, while the top price for American fish was 12.4c and 4c which the Plaroe and Hi Gill were paid for catches of 9,000 and 18,000 pounds respectively. Low prices of the week were 7c and 3c for Canadian fish and 7.5c and 3c for American.

Up to yesterday landings at Prince Rupert for the 1931 season had reached a total of 14,936,740 pounds as against 21,634,000 pounds at the same date last year. American landings for 1931 to date totalled 9,467,340 pounds as against 15,610,800 pounds last year at the corresponding date. Canadian landings for this year had reached an aggregate of 5,469,400 pounds in comparison with 6,025,200 pounds last season at the same date.

Landings for the week of October 10-16 inclusive totalled 423,900 lbs., of which 76,500 pounds was from Canadian and 347,400 pounds from American boats.

Naskeena to Kitkatla

The Indian Department's power cruiser Naskeena, in command of Dominion Constable A. J. Watkinson, made a trip to Kitkatla yesterday, having on board Indian Agent W. E. Collison and Capt. G. H. Barry of Victoria, inspector of Indian schools. The Naskeena has made a number of trips, including one to the Naas River, during the past couple of weeks, with Captain Barry, who is making an official tour of the district.

The new float, built by the Pacific Salvage Co. for the marine department, was put in place last Saturday at Digby Island where it will be used for the landing of the ferry boat Catherine B. The float was towed across the harbor by the Salvage Princess.

They were due back last night, having made the trip on the McAuley power cruiser Carmona.

Bird Season Opens

The bird hunting season opens today and, with favorable weather conditions prevailing, many of the seekers of geese and ducks will be getting away for the week-end. It was just too bad that the season had not opened in time for Thanksgiving Day, which came so much earlier than usual this year. Among the parties out today was one on the power tug F. H. Phippen, Capt. Jim Morrison, including Jim Bacon, Charlie Evitt, Bill McCallum, Fred Scadden and Leon Blain.

The halibut boat Gibson, Chris Henriksen, has been on the Ward Ways this week for hull work prior to making her final trip of the season to the fishing grounds.

Skipper Bill Wrathall's party was the only hunting group from the Yacht Club which met with success last week-end. This party bagged two deer up Tucks Inlet. Many others were out, but without success.

Dr. J. P. Cade's power cruiser Edac left on Wednesday of this week for a hunting trip to Porcher Island. On board were Arthur Cade, Jim Parker, Bob Matheson and Bob Fraser. They are due back today.

Northern Cross Out

The Anglican mission boat Northern Cross, with Rev. W. B. Jennings, her skipper, in charge, left on Wednesday for Lewis Island and Kitkatla and points down the coast on one of her periodical ecclesiastical missions. The Northern Cross is due back Monday.

Gammon & Watt's two seaboats Bertha G., Capt. R. Gammon and Zanardi, Capt. Martin Johnson, returned to Prince Rupert on Saturday last after having been absent for the summer. The early part of the season they were on the West Coast of Vancouver Island and later in Rivers Inlet. They had a fairly good season. Herring seining early next year will be the next activity for the two seiners.

Man in the Moon

A lot of us, if we got only what we earned, would be very hard up

Autumn is here
The leaves are falling,
Evenings are cool,
Wild geese are calling
To winter homes
All are retiring.
Hobby below
Furnace is firing.

Some of our regular sportsmen are missing this year from the game. They hunted bulls and bears to their undoing and now they can't afford a box of shells

Now that the civic election campaign seems to have started, what about a few letters signed "Pro Bono Publico," "Ratepayers," "Unemployed," or possibly "Coward."

Sing a song of sixpence
I say it with a sigh,
Four and twenty bucks a pie:
Will buy doughnuts and wick:
But if the money scarce should be
The pie will have to go,
Oh what a sad, sad song to sing!
The song of lack of dough.

In bad plight is the working man.
In these unpleasant days,
He feels that he is treated bad
In many devious ways.

The boss reduced his salary.
The tax reduced his beers,
The weather raised his fuel bill.
And he's reduced to tears.

IS GOOD MYSTERY

Warner Oland Turns in Good Performance in "Black Camel"

"The Black Camel," current offering at the Capitol Theatre, is an exceptionally good mystery picture. The principal player is Warner Oland and he is very good. It is his second film in the role of Charlie Chan, Chinese detective on the Honolulu police force. The cast is a notable one including Bela Lugosi, who was the star in that blood-curdler "Dracula," Victor Varconi of "Divine Lady" fame, and Sally Eilers, who was last here in the much discussed "Bad Girl." "The Black Camel" has a murder plot which is worked out in a highly interesting manner. The scenery is very attractive including many real Honolulu scenes. There is enough comedy to relieve the situation.

John Pearson Of Quick Dies Here

Forty-Two Year Old Bridgeman Passed Away This Morning After Long Illness

John Pearson, bridgeman in the service of the public works department at Quick, passed away this morning in the Prince Rupert General Hospital where he had been a patient since July 16 last.

The late Mr. Pearson was born in Sweden and was 42 years of age. As far as can be learned, there are no relatives in this country. Funeral arrangements are in the hands of the B. C. Undertakers.

Lower COAL PRICES

—and here's why...

All grades of "Nanaimo-Wellington" and "Comox" Coals from Vancouver Island now sell at a dollar less than last year. The reduction in price is the outcome of:

- (1) A desire on the part of the Producers to reduce fuel costs to the public;
- (2) The need for permanent protection against the possibility of substitution of inferior coals;
- (3) The ready co-operation of those Prince Rupert dealers who recognize the greater heat value of Island Coal, as compared with imported fuels.

Take advantage of these new prices. Order coal by name. Check your delivery slips. Keep your money in British Columbia.
