

## Crooks Caught By Radio

Receiving apparatus with roller and sheet of bromide paper which will receive thumb print picture

### Whose Mark Is This?

The capital of every country keeps on file the finger prints of crooks. Ottawa has 200,000, Scotland Yard, 500,000, Washington 350,000. Perhaps a burglar robs a safe a thousand miles away. He leaves a finger print somewhere without knowing it. A perfect reproduction of that

finger print can be sent by Radio or Telegraph to the Capital. It is done by the telephotographic process. In a few minutes may come back the description and the record of the wanted man. Thus the police know whom to look for—because he left his mark—his finger print.

### All Leave Their Marks

So you leave marks on everything you touch, as does everybody else. Those prints are usually germ-laden. You pick up those germs from others, from things they have touched and from handshakes. Then, if you touch food, you convey those germs to your mouth, where they breed.

A hand may be used to check a sneeze or a cough. Then that hand, in some way, conveys those germs to other hands, and colds spread. Life Extension Institute lists 27 diseases which may be conveyed in this way.

#### Lifebuoy Kills Them

Lifebuoy is a luxurious soap, based on two palm oils. No finer soap was ever created for toilet or bath use, or for the complexion. But, instead of per-

fume, it contains a germicide. You can smell it for a moment or two after using. That is the scent of safety.

Lifebuoy lather kills the germs or makes them inactive, as proved by laboratory tests. Wash your hands often with Lifebuoy. Wash them always before touching food. Millions of people, the world over, protect themselves in that way.

Lather with Lifebuoy before going out in the evening, or before you start the day. It makes you safe from body odours for many hours.

Keep Lifebuoy for the wash basin and the bath. Make it easy for the family to use it. Your dealer has Lifebuoy ready for you.

## IS RUSSIA REALLY RED?

Communism, the greatest force for good or evil the world has ever known, has transformed Imperial Russia, the land of the czars, intense political intrigue and medieval peasantry, into a mass of seething industrial humans—a land today of 150 million people armed to the teeth but nevertheless concentrating every vital energy on production of every kind by systematized industry and social living. What effect will this tremendous machine of concentrated human energy have on the world in the next five years?

Maurice Hindus—Russian by birth, North American by adoption—has studied Russia personally for the past seven years. He has written a book called "Humanity Uprooted," where all the present Russian Russian communist aspects of property, man, morality, family, peasant, proletarian, communism, love, revolution and war are freely discussed. "Humanity Uprooted" is one of the greatest historical modern volumes to date. This story commenced in the Vancouver Sun, February 5th. Do not miss it. ## TERRACE TAX RATE

Mill Rate of 12 is Set This Year—Village Council Has Meeting

TERRACE, Feb. 11—The village commissioners held a meeting in the municipal hall, Terrace, on Monday, J. K. Gordon in the chair and all the commissioners being present.

The rate bylaw fixing the rate at 12 mills on land and on 50 per cent. of improvement values was passed, as was also a bylaw enabling the commissioners to borrow \$490 on short term, the clerk reporting that the sum of \$700 due from the Federal and Provincial governments in respect of unemployment relief work had not been received.

Arrangements were made for providing a hose carrier for the volunteer fire brigade and for setting up a fire siren at the centre of the town.

A donation of \$50 was granted the Fall Fair Association and steps were taken to take advantage of an additional \$300 for unemployment relief.

## MOTHERS HONORED

Banquet Given for Them by C.G. I.T. Girls at Terrace

TERRACE, Feb. 11—Charm and vividness were evidenced in the mother and daughter banquet given by the Terrace C.G.I.T. of the Anglican and United Churches on Friday evening last, in the United Church.

Sixty-two mothers, or mothers for the occasion, and girls sat down to a repast attractively prepared by the girls and their leaders. After the dinner toasts were given to the King, the Mothers and the Daughters. Those taking part were Helen Smith, Rita Taft and Mrs. H. C. Head.

The originality of the girls was displayed in poems composed for place cards; and these the mothers were called upon to read. The girls all took part in the "Quest Ceremonial," a C.G.I.T. sketch. The remainder of the evening was spent in playing games.

Miss Sophia McLaren, president of the senior group, graced the chair. Leaders for the girls are Mrs. McCarthy for the Anglican group, and Mrs. J. H. Smith, and Mrs. H. P. Allen for the United Church group.

Mother and Daughter week was concluded in the church services on Sunday night.

In the United Church, the girls were responsible for the entire service, which was conducted by Miss Sophia McLaren. The C.G.I.T. choir sympathetically interpreted the Negro spiritual "Lord, I Want to Be a Christian," explained previously by Miss Edith Kohn. A second rendering was, "Faith of Our Mothers."

Doris Holden gave a splendid paper on "Motherhood Gifts to Girls." Mrs. Moore representing the mothers, spoke effectively on "The Challenge of Girlhood to Mothers." Mrs. H. T. Allen gave an address on the relationship of the Church and Home in the Life of a Girl.

Mrs. J. H. Smith read a Mother's Day story, and Jenny King gave a reading "Take Us On a Quest."

Others participating were Marjorie Kenney, announcements, Bertha Moore, a prayer; scripture reading, Mary Maxsam, and Gertrude McConnell, offering. Rev. H. T. Allen officiated as special organist, and made closing appreciative remarks.
