

# STOP That COUGH

Peps will end it. Dissolves Pepsin your mouth when the cough is troublesome, and the medicinal vapor that is liberated is breathed to the remotest parts of the air passages and lungs. It soothes and heals the inflamed membranes, thus ending the irritation and stopping the cough.

Peps are equally good for bronchitis, sore throat and laryngitis. All dealers, 50c. box, or Peps Co., Toronto.

## GAS EXPLOSION; TWO MEN BURNT

J. W. McDonald and W. Galbraith Badly Injured When Shop is Wrecked by Fire.

Two men, J. W. McDonald and W. Galbraith, were badly burned about the face and arms, when a gasoline explosion occurred in the cleaning and pressing establishment of the former at 516 Fulton Street last evening, resulting in the wrecking of the premises. McDonald had just opened his repair shop for business yesterday morning and was finishing up the day's work at 9:45 when the explosion happened. It appears that the place was badly ventilated and spontaneous combustion was caused by the heavy fumes of gasoline, probably being ignited by the heating stove. At any rate a terrific explosion was heard by neighbors half a block away and the whole front of the one-story frame building, which belonged to V. Reda, was at once in flames, the front windows being blown out by the concussion. McDonald and Galbraith escaped from the building with their clothes and hair aflame. They rushed down Fulton Street to the Norfolk Rooms, where they live, and Dr. Eggert was called to attend them. Their injuries, though very painful, are not considered very dangerous.

**Quickly Vacated.**  
The rear of the building, which was divided into two sections, was occupied by Mr. and Mrs. E. A. Henderson and family. Mrs. Henderson was in the act of putting her two little children to bed when she heard the explosion in the front and flames rushed through the partition into the bedroom. They quickly vacated, removing their furniture, and were taken in by hospitable neighbors.

The fire alarm was rung in from the Norfolk Rooms and the department were out in quick order. While still unchecked, the blaze was quite spectacular, but was soon darkened with the force of water from No. 2 fire machine. Within 20 minutes the fire was quite out. A number of suits and all the equipment belonging to the business of one day was destroyed in the fire. The damage done to the premises of Mr. Henderson was very slight as the most of his belongings were removed. Several telephones in the vicinity of the fire were put out of commission by the melting of the cable in front of the shop.

## WHO WANTS SECTION TWO WATERFRONTAGE?

Ald. McMeekin Would Like to Know Interested Party.

A letter from the secretary to the Minister of Lands was read at last night's council meeting. It was in answer to the communication sent to the minister advocating the centralizing the fishing waterfront in the vicinity of Seal Cove. It merely acknowledges the receipt of the city's letter and explained that Mr. Pattullo was not at the capital to reply.

The mayor said that he had been approached by a man acting for the fish interests at the waterfront. This man had said that the fishermen had inspected various places along the waterfront and had deemed Section 2 most suitable for fish wharves. Seal Cove was too far out of the way.

Ald. McMeekin, of the fisheries committee, explained that in making its report the committee had very little information to go on. He thought that the government might at least let the city know who had made application for waterfront at Section 2. He mentioned having seen the manager of the Atlin Fisheries, who stated it was not his company. All the committee had to work on was rumor as the interested party could not be discovered.

J. S. Carmichael was on Sunday afternoon the recipient of a gold watch fob from his Sunday School class as a token of their regard on the occasion of his leaving. The presentation was made by Miss Lorraine Grant and Miss Peggy Purdy on behalf of the class.

Indian Agent Perry left for Hazelton on this morning's train. He will go from Hazelton to Kispic to look into Indian affairs there.

## HEALTH OFFICIALS ON THE WARPATH

Crusade is Being Started Against Violent Sneezing in Public.

The epidemic of colds which is now sweeping the country has led health officials to start an educational campaign showing the dangerous effects of violent sneezing in public.

"Check your sneezes"—"Every public sneeze is a public danger"—"Think twice before sneezing once"—are slogans which are being emphasized in the effort to check the epidemic and the results it threatens.

A prominent feature of the campaign is the education of the public to the necessity of treating every case of cold in the head promptly. If taken at once it is declared that simple treatment will give relief in a single night, and the patient can remain steady at work.

The treatment recommended for colds is a compound of Aspirin, Phenacetin, Guinine, Salol, Caffein Citrate, Cascara and Camphor Monorate. This is now offered the public under the name of Reid's Grip Fix. Every home should have a box on hand while the epidemic of colds prevails. It comes in capsule form and acts quickly. Two capsules, taken two hours apart, over a period of six hours gives effective results with one capsule at a time thereafter to complete the work.

Grip Fix is not a patent medicine, but when getting it be sure to ask for Reid's Grip Fix as there is no home treatment for colds which equals it. On sale at 35 cents per box at all druggists.

Victoria, Nov. 4th, 1919. Sealed tenders will be received by the Minister of Lands not later than noon on the 9th day of December, 1919 for the purchase of Licence X1114, to cut 3,635,000 feet of Spruce, Cedar, Balsam and Hemlock on an area situated on Infram Lake, R.3, Coast District.
