Another B.C. Payroll Added To Former List

A number of Vancouver business men with keen foresight and a desire to further promote B.C.'s prosperity are responsible for the recent opening of a modern daylight factory for the manufacture of mayonnaise, salad dressing and sandwich spread, under the well known Dutch Maid brand. The delicious goodness of these products is already well known to thousands of British Columbia housewives. The popularity of mayonnaise and salad dressing has increased tremendously during the past few years. They give an added zest to salad as well as their many other uses. The quality of Dutch Maid Products is unsurpassed and the prices most reasonable.

It is a patriotic duty for B.C. people to patronize B.C. products, providing payrolls not only for those directly interested in the manufacture but for those producing the raw materials as well.

City accounts for the two weeks ending May 8 totalling \$132,459.32 were passed for payment at last night's meeting of the city council.

PAINS

No matter how severe, you can always have immediate relief:

Aspirin always stops pain quickly. It does it without any ill effects. Harmless to the heart; harmless to anybody. But it always brings relief. Why suffer?

MANY ENJOY FIRST DAY OF COOKING

Large Number of Ladies at I.O.D.E. Hall Twice Yesterday

Many local women were in attendance yesterday at the opening of the annual week of free demonstrations in electrical cooking and electrical refrigeration so ably conducted by Miss Frances Thompson. The classes are being held twice daily to accommodate all who wish to attend.

Favorable remarks were heard on all sides by the enthusiastic gathering. The winners of the many fine prizes were no doubt particularly delighted. Many expressed intentions of returning to every one of the remaining eight meetings.

On the platform at the I.O.D.E. Hall has been installed electrical equipment to represent a model and modern kitchen. While actual demonstrations were being given of the clever and unusual uses of electrical servants Miss Thompson also delivered entertaining addresses on all matters connected with house-keeping. Members of the audience received a copy of the recipes used by Miss Thompson in the preparation of the different foods.

Miss Thompson expressed pleasure upon receiving the encouragement of such a splendid attendance.

The Northern B.C. Power Co. and the Canadian General Electric Co. who are sponsoring the cooking school are fortunate in having secured the services of such a competent instructor as Miss Thompson.
