"A Baby was born today---its father died yesterday"

Tragic? Yes—but that isn't all. The young husband left his wife almost penniless. He had been so healthy and vigorous, he thoughtlessly put off securing life insurance until too late.

Men: Life Insurance is something more than a duty. Fail to avail yourself of its advantages and your heart will fill with remorse when you realize that you are no longer insurable and are passing on, leaving wife and little ones unprotected for.

Is your estate protected against the contingency of your sudden death? If not, let us send you particulars of a Mutual Life of Canada Protective Policy, so that you can secure one while you are in good health. You'll say it's the wisest thing you ever did.

MORSE CREEK SOON READY FOR SKATING

The dam at Morse Creek is now being patched up by the city and if the cold weather keeps up for a few days longer the old pond will be up again and can be used for skating. The lumber is at the creek and the city road men are at work. With the gradual flow of Morse Creek it will probably take some time to flood the stream up to the top of the dam.

Synopsis of Land Act Amendments

Minimum price of first-class land reduced to \$5 an acre; second-class to \$3.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emption abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where pre-emptor in occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without pre-emption residence may be issued, provided applicant makes improvements to extent of \$100 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of \$100 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown grant may record another pre-emption. If he requires land in conjunction with his farm, without actual occupation, provision statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homestead; title to be obtained after five years' residential and improvement conditions.

For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company. Mill, factory or industrial site on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 26, 1913. Taxes are remitted for five years.

Provision for return of money, accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enactment to March 21, 1920.

SUB-PURCHASERS OF CROWN LANDS.

Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchaser does not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING.

Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged; priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

FISHERMAN LOST

The Ketchikan Times reports the death of Clarence Caford, part owner of the gasoline fishing boat "Sue" near Bank Island. His partner, Albert H. Panse, did not report the accident until asked where his partner was. He then stated that he fell overboard when pulling gear. Panse threw the tender overboard but could not save Caford. The sea was rough at the time and the boat had to take shelter.

"Rexall Remedies"

A name that all America has learnt to know and rely upon

"Rexall Remedies" are successful because of the high standard of quality that is rigidly maintained in compounding formulas based on proven principles. Confidence has been established because of the conservative claims made.

"Rexall" does not in any sense stand for "Cure-all." Instead there is a nature-aiding preparation for every human ill. "Rexall Remedies" do not contain harmful stimulants or habit forming drugs.
