## FOOD MILEAGE

FUELING the household machine is an important item these days. After all, on the road of daily life, most of us have to get the last mile out of every dollar we spend.

High food mileage means careful buying . . . thoughtful selection of the foods that not only suit the tastes and physical needs of the family, but the pocketbook as well.

That's the value of advertising. Every day, here in your paper, are presented new and interesting food ideas. New ways of preparing old reliable favorites. New combinations of the foods the family needs . . . in ways they'll like.

Standard, unvarying quality is the outstanding feature of advertised merchandise in general . . . and of food products in particular. Quite a factor in getting high food mileage!

Read the food advertising here in your daily paper . . . it will show you the way to higher food mileage.

## FISHERIES QUESTION

Many Matters Are Discussed By Chamber of Commerce

At the dinner meeting of the Chamber of Commerce last night there were several discussions in regard to matters brought before the chamber from the annual meeting of the North B. C. Salmon Fishermen's Association. Olf Hanson M.P. and G. W. Nickerson were the chief champions of the fishermen's requests a number of which were endorsed.

The matter of fishing licenses to Japanese being granted direct instead of through the canneries as at present was referred back to the incoming fisheries committee for further report on motion of G. W. Nickerson. The old committee had reported against action being taken.

The chamber went on record against salmon trap licences after a somewhat heated discussion during which Olof Hanson expressed himself as opposed to the issuance of licenses as efforts were being made to build up white fishermen's settlements. He said he would like an expression of opinion for or against it.

G. W. Nickerson somewhat heatedly urged the board to take a definite stand and a motion favoring it was finally adopted on motion of Olof Hanson M.P., seconded by Mayor Orme.

In regard to the question of the handing over of control of the fisheries from the federal to provincial authorities it was decided that the chamber was not in a position to make a decision from the information before it.

Reduction of the age for receiving old age pensions from 70 to 65 was endorsed on motion of M. P. McCaffery.

The open door for new canneries was endorsed on motion of G. W. Nickerson and Olof Hanson.

The proposal to endorse the reduction of tax on dry salteries from \$1500 as at present carried on motion of Olof Hanson and G. W. Nickerson, the present high tax operating to eliminate the small man. Col. Nicholls suggested that the chamber was inconsistent as the salteries were chiefly in the hands of Japanese but M. P. McCaffery insisted that this was not the case and Mr. Hanson said efforts were being made to get the fisheries back into the hands of white British subjects. On motion of Paul Armour it was sent back to the committee for further report.
