Mr. Morden is a journalist in the south and Mrs. Morden is a graduate of the Prince Rupert General Hospital, having formerly been Miss Fostie Fraser, R.N.

The B.C. Gazette announces the appointment of Albert E. Roddis, deputy collector at Pouce Coupe, to be deputy government agent, deputy commissioner of lands, deputy water recorder, deputy mining recorder, deputy district registrar of vital statistics and deputy registrar of voters at Pouce Coupe during the absence for a while this month of Government Agent Martin S. Morrell.

## Only Weighed 100

Mrs. Wm. D. Robertson Tells What Dr. Williams' Pink Pills (tonic) Did for Her. Now Weighs 135.

"Cannot Praise Them Enough".

"When I was a young girl," writes Mrs. Wm. D. Robertson, R.R. No. 1, Moffat, Ontario, "I was pale and had very little blood. I was always tired. When I would go upstairs I thought I would never get to the top. I only weighed 100 lbs. I began taking Dr. Williams' Pink Pills, and got well. I weigh 135 lbs. now. I cannot praise Dr. Williams' Pink Pills enough."

Results like the above seem wonderful, but actually there is a scientific reason behind it. The iron and other elements in Dr. Williams' Pink Pills increase the amount of haemoglobin, or oxygen-carrying agent, in the blood. The tissues thus get more oxygen. The appetite quickens, and a feeling of well-being develops.

Get a supply of Dr. Williams' Pink Pills today and start building health. 50 cents a package at any druggist's. 138

## New Carrier Collection System

In view of the depression and to make it as easy as possible for people to pay, the Daily News is to be sold on a weekly basis, payable in advance.

Starting Monday next, several of the routes in the west end of the city will be turned over to the carrier boys as independent merchants. The boy will collect each Friday evening for the week following. He buys the papers and sells them to the customers, so there will be no credit given. The boy cannot afford it. Please do not ask him to return for the weekly payment. Have it ready for him.

Customers now in arrears will pay the amount owing at the office, but this will have nothing to do with the regular collections made by the boy. He will be doing business on his own, and if he does not make his own collections will not deliver the paper.

Those paid in advance will continue to receive the paper until the subscription expires. Any wishing to continue the yearly payments may do so, and we pay the boy.

The price of the paper will be 10c a week, payable strictly in advance. That means six papers for ten cents.

It will take a few weeks to get the new system running smoothly, and in the meantime we ask for the co-operation of the readers of the paper. The routes not going on the new system this week will do so just as soon as the lists are made up and the boys properly instructed. Help the boys to set up in business for themselves!

R. G. Ford sailed last evening on the Catala for a week's business trip to Anyox and Stewart.

Dr. and Mrs. Perry, F. C. Freeman, Miss E. Marshall and Miss H. C. Tuck were week-end visitors in town from Port Simpson.

The charter yacht Alarwee, Captain Roy Fulton, arrived in port this morning from Ketchikan and will leave on her return there later in the day.

W. M. Smith arrived in the city on the Prince George last evening from Ketchikan and proceeded by train this morning to St. Louis, Missouri.

D. Critchley of Inverness canyery arrived in the city on yesterday afternoon's train from the Skeena River for an overnight visit to town.

Mr. and Mrs. Rhett and party, who have been operating a lodge in the Whitesail Lake country south of Burns Lake, will leave Burns Lake on tomorrow's train for New York.

William Gwyer, son of Mr. and Mrs. W. K. Gwyer, sailed last night on the Prince George for Vancouver where he will resume his studies at the University of British Columbia.

Fifty persons responded to the appeal which was made last week for clothes for the unemployed. The clothes were collected by members of the Rotary and Gyo-Clubs and turned over to the Salvation Army for distribution.

Miss Louise Essen, R.N., who has been visiting here for the past two months with relatives, sailed by the Prince George last night on her return to San Francisco. Miss Essen is a graduate of the Prince Rupert General Hospital.

## Scientists Study "Substance" In Lesson Sermon

The subject of the lesson-sermon in all Christian Science churches and societies on Sunday was "Substance."

Among the Bible texts included in the lesson-sermon was the following from Psalms 27:13: "I had fainted, unless I had believed to see the goodness of the Lord in the land of the living."

The lesson-sermon also included the reading of citations from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, one passage being as follows: "It is ignorance and false belief, based on a material sense of things, which hide spiritual beauty and goodness. Understanding this, Paul said: 'Neither death, nor life, . . . nor things present, nor things to come, nor height, nor depth, nor any other creature, shall be able to separate us from the love of God.'"

A device using electric heat has been invented to repair surface cuts in automobile tires without removing them or letting out their air.

Miss Geraldine Warner, daughter of Mr. and Mrs. L. B. Warner of Smithers, arrived in the city from the interior on yesterday afternoon's train and sailed last night on the Prince George for Vancouver where she will attend school.
